NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying Consolidated Financial Statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles ("GAAP") for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the Consolidated Financial Statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended January 31, 2016, as filed with the Securities and Exchange Commission.

Business

The Home Depot, Inc., together with its subsidiaries (the "Company"), is a home improvement retailer that sells a wide assortment of building materials, home improvement products and lawn and garden products and provides a number of services to do-it-yourself customers, do-it-for-me customers and professional customers. The Home Depot stores, which are full-service, warehouse-style stores averaging approximately 104,000 square feet of enclosed space, with approximately 24,000 additional square feet of outside garden area, stock approximately 30,000 to 40,000 different kinds of products. The Company also offers a significantly broader product assortment through its Home Depot, Home Decorators Collection and Blinds.com websites.

Valuation Reserves

As of May 1, 2016 and January 31, 2016, the valuation allowances for Merchandise Inventories and uncollectible Receivables were not material.

Recent Accounting Pronouncements

In March 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-09, "Compensation—Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting", which makes several modifications to the accounting for employee share-based payment transactions, including the requirement to recognize the income tax effects of awards that vest or settle as income tax expense. This guidance also clarifies the presentation of certain components of share-based awards in the statement of cash flows. This guidance is effective for annual reporting periods beginning after December 15, 2016, and interim periods within those annual periods, and early adoption is permitted. The Company is evaluating the effect that ASU No. 2016-09 will have on its Consolidated Financial Statements and related disclosures.

In February 2016, the FASB issued ASU No. 2016-02, "Leases (Topic 842)", which requires an entity that is a lessee to recognize the assets and liabilities arising from leases on the balance sheet. This guidance also requires disclosures about the amount, timing and uncertainty of cash flows arising from leases. This guidance is effective for annual reporting periods beginning after December 15, 2018, and interim periods within those annual periods, using a modified retrospective approach, and early adoption is permitted. The Company is evaluating the effect that ASU No. 2016-02 will have on its Consolidated Financial Statements and related disclosures.

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers (Topic 606)", which requires an entity to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which it expects to be entitled in exchange for those goods or services. ASU No. 2014-09 supersedes most existing revenue recognition guidance in U.S. GAAP, and it permits the use of either the retrospective or cumulative effect transition method. In August 2015, the FASB issued ASU No. 2015-14, "Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date", which delayed the effective date of ASU No. 2014-09 by one year. As a result, ASU No. 2014-09 is effective for annual reporting periods beginning after December 15, 2017, including interim periods within those annual periods. Early adoption is permitted for annual reporting periods beginning after December 15, 2016, including interim periods within those annual periods. In the first quarter of fiscal 2016, the FASB issued guidance clarifying the interpretation of certain principles of ASU No. 2014-09. The Company is evaluating the effect that this revenue recognition guidance will have on its Consolidated Financial Statements and related disclosures.

THE HOME DEPOT, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Reclassifications

Certain amounts in prior fiscal periods have been reclassified to conform with the presentation adopted in the current fiscal periods. See Note 2 to the Consolidated Financial Statements included in this report.

2. RECENTLY ADOPTED ACCOUNTING PRONOUNCEMENTS

On February 1, 2016, the Company adopted ASU No. 2015-03, "Interest—Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs". Under ASU No. 2015-03, debt issuance costs related to a recognized debt liability are presented as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The adoption of ASU No. 2015-03 has been applied retrospectively and accordingly, the Company's Consolidated Balance Sheet as of January 31, 2016 has been reclassified to reflect this adoption. The impact of this reclassification was a decrease of \$99 million to Other Assets, and a corresponding decrease to Long-Term Debt, excluding current installments, as of January 31, 2016.

Also on February 1, 2016, the Company early adopted ASU No. 2015-17, "Income Taxes (Topic 740): Balance Sheet Classification of Deferred Taxes". Under ASU No. 2015-17, deferred tax assets and liabilities are presented as noncurrent in a classified balance sheet. The adoption of ASU No. 2015-17 has been applied retrospectively and accordingly, the Company's Consolidated Balance Sheet as of January 31, 2016 has been reclassified to reflect this adoption. The impact of this reclassification was a decrease of \$509 million to Other Current Assets, an increase of \$32 million to Other Assets, a decrease of \$2 million to Other Accrued Expenses and a \$475 million decrease to Deferred Income Taxes as of January 31, 2016. All future deferred tax assets and liabilities will be presented as noncurrent.

3. LONG-TERM DEBT

In February 2016, the Company issued \$1.35 billion of 2.00% senior notes due April 1, 2021 (the "2021 notes") at a discount of \$5 million, \$1.3 billion of 3.00% senior notes due April 1, 2026 (the "2026 notes") at a discount of \$8 million, and \$350 million of 4.25% senior notes due April 1, 2046 (the "2046 notes") at a premium of \$2 million (together, the "February 2016 issuance"). The 2046 notes form a single series with the Company's \$1.25 billion of 4.25% senior notes due April 1, 2046 that were issued in May 2015, and have the same terms. The aggregate principal amount outstanding of the Company's senior notes due April 1, 2046 is \$1.6 billion. Interest on the 2021 and 2026 notes is due semi-annually on April 1 and October 1 of each year, beginning October 1, 2016. Interest on the 2046 notes is due semi-annually on April 1 and October 1 of each year, beginning April 1, 2016, with interest accruing from October 1, 2015. The \$13 million discount associated with the 2021 and 2026 notes and the \$2 million premium associated with the 2046 notes are being amortized over the term of the notes using the effective interest rate method. Issuance costs of \$17 million associated with the February 2016 issuance were recorded as a direct deduction to the senior notes and are being amortized over the term of the notes. The net proceeds of the February 2016 issuance were used to repay the Company's 5.40% senior notes that matured on March 1, 2016.

All of the Company's senior notes, other than the \$500 million of floating rate senior notes due September 15, 2017, may be redeemed by the Company at any time, in whole or in part, at the redemption price plus accrued interest up to the redemption date. The redemption price is equal to the greater of (1) 100% of the principal amount of the notes to be redeemed, and (2) the sum of the present values of the remaining scheduled payments of principal and interest to the Par Call Date, as defined in the respective notes. Additionally, if a Change in Control Triggering Event occurs, as defined in the notes, holders of all notes have the right to require the Company to redeem those notes at 101% of the aggregate principal amount of the notes plus accrued interest up to the redemption date. The Company is generally not limited under the indentures governing the notes in its ability to incur additional indebtedness or required to maintain financial ratios or specified levels of net worth or liquidity. Further, while the indentures governing the notes contain various restrictive covenants, none are expected to impact the Company's liquidity or capital resources.

In fiscal 2015, the Company entered into forward starting interest rate swap agreements with a combined notional amount of \$1.0 billion, accounted for as cash flow hedges, to hedge interest rate fluctuations in anticipation of the February 2016 issuance. In connection with the February 2016 issuance, the Company paid \$89 million to settle these forward starting interest rate swap agreements. This amount, net of income taxes, is included in Accumulated Other Comprehensive Income and will be amortized to Interest Expense over the term of the 2026 notes.

THE HOME DEPOT, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

4. COMMITMENTS AND CONTINGENCIES

Data Breach

As previously reported, in the third quarter of fiscal 2014, the Company confirmed that its payment data systems were breached, which potentially impacted customers who used payment cards at self-checkout systems in the Company's U.S. and Canadian stores (the "Data Breach").

Litigation, Claims and Government Investigations

In fiscal 2015, the four major payment card networks made claims against the Company for costs that they assert they or their issuing banks incurred in connection with the Data Breach. The Company entered into settlement agreements with all four networks in fiscal 2015. In addition, a total of 57 putative class actions were filed in the U.S. on behalf of customers and financial institutions and in Canada on behalf of customers allegedly harmed by the Data Breach. The U.S. class actions have been consolidated for pre-trial proceedings in the United States District Court for the Northern District of Georgia (the "District Court"). In the fourth quarter of fiscal 2015, the Company agreed in principle to settlement terms that will resolve and dismiss the claims asserted in the U.S. customer class actions, and in the first quarter of fiscal 2016, the Company agreed in principle to settlement terms that will resolve and dismiss claims asserted in the Canadian customer class actions. Both settlements are subject to final approval by the respective courts. The U.S. financial institution class actions remain ongoing.

The Company previously recorded accruals for estimated probable losses in connection with the payment card networks' claims and the U.S. customer class actions, and in the first quarter of fiscal 2016, the Company recorded an accrual for estimated probable losses in connection with the Canadian customer class actions. These estimates are based on currently available information associated with those matters and may change as new information becomes available or circumstances change.

Other claims have been and may be asserted against the Company on behalf of customers, payment card issuing banks, shareholders or others seeking damages or other related relief allegedly arising from the Data Breach. In fiscal 2015, two purported shareholder derivative actions were filed in the District Court against certain present and former members of the Company's Board of Directors and executive officers. The Company was also named as a nominal defendant in both suits. In the first quarter of fiscal 2016, the two actions were consolidated into a single derivative complaint, which asserts claims for breaches of fiduciary duty, waste of corporate assets and violations of the Securities Exchange Act of 1934. The complaint seeks unspecified damages, equitable relief to reform the Company's corporate governance structure, restitution, disgorgement of profits, benefits and other compensation obtained by the defendants, and reasonable costs and expenses. In addition, several state and federal agencies, including State Attorneys General, are investigating events related to the Data Breach, including how it occurred, its consequences and the Company's responses. The Company is cooperating in the governmental investigations, and the Company may be subject to fines or other obligations.

While losses from these pending matters, including the U.S. financial institution class actions, are reasonably possible, the Company is not able to estimate the costs, or range of costs, related to these matters because the proceedings remain in the early stages, alleged damages have not been specified, there is uncertainty as to the likelihood of a class or classes being certified in the U.S. financial institution matter or the ultimate size of any such class if certified, and there are significant factual and legal issues to be resolved. The Company has not concluded that a loss from these matters is probable; therefore, the Company has not recorded an accrual for litigation, claims and governmental investigations related to these matters as of the end of the first quarter of fiscal 2016. The Company will continue to evaluate information as it becomes known and will record an estimate for losses at the time or times when it is both probable that a loss has been incurred and the amount of the loss is reasonably estimable. The Company believes that the ultimate amount paid on these actions, claims and investigations could have an adverse effect on the Company's consolidated financial condition, results of operations or cash flows in future periods.

Expenses Incurred and Amounts Accrued

In the first quarter of fiscal 2016, the Company recorded \$2 million of pretax expenses related to the Data Breach. In the first quarter of fiscal 2015, the Company recorded \$16 million of pretax gross expenses related to the Data Breach, partially offset by \$9 million of expected insurance proceeds, for pretax net expenses of \$7 million. Since the Data Breach occurred, the Company has recorded \$263 million of pretax gross expenses related to the Data Breach, partially offset by \$100 million of expected insurance proceeds, for pretax net expenses of \$163 million. These expenses include costs to investigate the Data Breach; provide identity protection services, including credit monitoring, to impacted customers; increase call center staffing; and pay legal and other professional services, all of which were expensed as incurred. Expenses also include the accruals for estimated probable losses that the Company has incurred or expects to incur in connection with the claims made by the payment card networks or their issuing banks and the U.S. and Canadian customer class actions. These expenses are included in Selling, General and Administrative expenses in the accompanying Consolidated Statements of Earnings.

THE HOME DEPOT, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

At May 1, 2016, accrued liabilities and insurance receivable related to the Data Breach consisted of the following (amounts in millions):

	Accrued Liabilities	Insurance Receivable
Balance at January 31, 2016	\$ (34)	\$ 70
(Expenses incurred) insurance receivable recorded in the first quarter of fiscal 2016	(2)	—
Payments made (received) in the first quarter of fiscal 2016	9	(15)
Balance at May 1, 2016	\$ (27)	\$ 55

Future Costs

The Company expects to incur additional legal and other professional service expenses associated with the Data Breach in future periods and will recognize these expenses as services are received. Costs related to the Data Breach that may be incurred in future periods may include liabilities from current and future civil litigation, governmental investigations and enforcement proceedings; future expenses for legal, investigative, and consulting fees; and incremental expenses and capital investments for remediation activities. The Company believes that the ultimate amount paid for these services and claims could have an adverse effect on the Company's consolidated financial condition, results of operations, or cash flows in future periods.

Insurance Coverage

The Company maintained \$100 million of network security and privacy liability insurance coverage in fiscal 2014, above a \$7.5 million deductible, to limit the Company's exposure to losses such as those related to the Data Breach. As of May 1, 2016, the Company had received initial payments totaling \$45 million of insurance reimbursements under the fiscal 2014 policy, and expects to receive additional payments. In fiscal 2016 and 2015, the Company maintained \$100 million of network security and privacy liability insurance coverage, above a \$10 million deductible, to limit the Company's exposure to similar losses.

5. FAIR VALUE MEASUREMENTS

The fair value of an asset is considered to be the price at which the asset could be sold in an orderly transaction between unrelated knowledgeable and willing parties. A liability's fair value is defined as the amount that would be paid to transfer the liability to a new obligor, rather than the amount that would be paid to settle the liability with the creditor. Assets and liabilities recorded at fair value are measured using a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers are:

- Level 1 – Observable inputs that reflect quoted prices in active markets
- Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable
- Level 3 – Unobservable inputs for which little or no market data exists, therefore requiring the Company to develop its own assumptions

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The assets and liabilities of the Company that are measured at fair value on a recurring basis as of May 1, 2016 and January 31, 2016 were as follows (amounts in millions):

	Fair Value at May 1, 2016 Using			Fair Value at January 31, 2016 Using		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Derivative agreements - assets	\$ —	\$ 206	\$ —	\$ —	\$ 213	\$ —
Derivative agreements - liabilities	—	—	—	—	(82)	—
Total	\$ —	\$ 206	\$ —	\$ —	\$ 131	\$ —

The Company uses derivative financial instruments from time to time in the management of its interest rate exposure on long-term debt and its exposure on foreign currency fluctuations. The fair value of the Company's derivative financial instruments was measured using level 2 inputs.

THE HOME DEPOT, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

Long-lived assets were analyzed for impairment on a nonrecurring basis using fair value measurements with unobservable inputs (level 3). Impairment charges related to long-lived assets in the first three months of fiscal 2016 and 2015 were not material.

The aggregate fair value of the Company's senior notes, based on quoted market prices, was \$22.8 billion and \$21.8 billion at May 1, 2016 and January 31, 2016, respectively, compared to a carrying value of \$20.1 billion and \$20.1 billion at May 1, 2016 and January 31, 2016, respectively.

6. BASIC AND DILUTED WEIGHTED AVERAGE COMMON SHARES

The reconciliation of basic to diluted weighted average common shares for the three months ended May 1, 2016 and May 3, 2015 was as follows (amounts in millions):

	Three Months Ended	
	May 1, 2016	May 3, 2015
Weighted average common shares	1,247	1,298
Effect of potentially dilutive securities:		
Stock plans	5	7
Diluted weighted average common shares	1,252	1,305

Stock plans consist of shares granted under the Company's employee stock plans. Options to purchase 1 million and 1 million shares of common stock for the three months ended May 1, 2016 and May 3, 2015, respectively, were excluded from the computation of Diluted Earnings per Share because their effect would have been anti-dilutive.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders
The Home Depot, Inc.:

We have reviewed the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of May 1, 2016, and the related Consolidated Statements of Earnings, Comprehensive Income, and Cash Flows for the three-month periods ended May 1, 2016 and May 3, 2015. These Consolidated Financial Statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the Consolidated Financial Statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of January 31, 2016, and the related Consolidated Statements of Earnings, Comprehensive Income, Stockholders' Equity, and Cash Flows for the year then ended (not presented herein); and in our report dated March 24, 2016, we expressed an unqualified opinion on those Consolidated Financial Statements. Our report on the Consolidated Financial Statements referred to a change in the presentation of certain shipping and handling costs. In our opinion, the information set forth in the accompanying Consolidated Balance Sheet as of January 31, 2016, is fairly stated, in all material respects, in relation to the Consolidated Balance Sheet from which it has been derived.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

FORWARD-LOOKING STATEMENTS

Certain statements contained herein regarding our future performance constitute "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements may relate to, among other things, the demand for our products and services; net sales growth; comparable store sales; effects of competition; state of the economy; state of the residential construction, housing and home improvement markets; state of the credit markets, including mortgages, home equity loans and consumer credit; demand for credit offerings; inventory and in-stock positions; implementation of store, interconnected retail and supply chain initiatives; management of relationships with our suppliers and vendors; the impact and expected outcome of investigations, inquiries, claims and litigation, including those related to the data breach we discovered in the third quarter of fiscal 2014; issues related to the payment methods we accept; continuation of share repurchase programs; net earnings performance; earnings per share; capital allocation and expenditures; liquidity; return on invested capital; expense leverage; stock-based compensation expense; commodity price inflation and deflation; the ability to issue debt on terms and at rates acceptable to us; the effect of accounting charges; the effect of adopting certain accounting standards; store openings and closures; financial outlook; and the integration of Interline Brands, Inc. ("Interline") into our organization and the ability to recognize the anticipated synergies and benefits of the acquisition.

Forward-looking statements are based on currently available information and our current assumptions, expectations and projections about future events. You should not rely on our forward-looking statements. These statements are not guarantees of future performance and are subject to future events, risks and uncertainties – many of which are beyond our control or are currently unknown to us – as well as potentially inaccurate assumptions that could cause actual results to differ materially from our expectations and projections. These risks and uncertainties include, but are not limited to, those described in Part II, Item 1A, "Risk Factors" and elsewhere in this report. You should read such information in conjunction with our Consolidated Financial Statements and related notes and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this report. There also may be other factors that we cannot anticipate or that are not described in this report, generally because we do not currently perceive them to be material. Such factors could cause results to differ materially from our expectations.

Forward-looking statements speak only as of the date they are made, and we do not undertake to update these statements other than as required by law. You are advised, however, to review any further disclosures we make on related subjects in our periodic filings with the Securities and Exchange Commission ("SEC").

EXECUTIVE SUMMARY AND SELECTED CONSOLIDATED STATEMENTS OF EARNINGS DATA

Net Sales increased 9.0% to \$22.8 billion for the first quarter of fiscal 2016 from \$20.9 billion for the first quarter of fiscal 2015. Our total comparable store sales increased 6.5% in the first quarter of fiscal 2016, driven by a 4.0% increase in our comparable store customer transactions and a 2.5% increase in our comparable store average ticket. Comparable store sales for our U.S. stores increased 7.4% in the first quarter of fiscal 2016.

For the first quarter of fiscal 2016, we reported Net Earnings of \$1.8 billion and Diluted Earnings per Share of \$1.44 compared to Net Earnings of \$1.6 billion and Diluted Earnings per Share of \$1.21 for the first quarter of fiscal 2015. The results for the first quarter of fiscal 2015 included a \$71 million net benefit to our Provision for Income Taxes due primarily to the favorable settlement of a tax audit, resulting in a benefit of \$0.05 to Diluted Earnings per Share for the first quarter of fiscal 2015.

Key Initiatives

In the first quarter of fiscal 2016, we continued to focus on the following key initiatives:

Customer Experience – Our customer experience initiative is anchored on the principles of putting customers first and taking care of our associates, and our commitment to customer service remains strong. We have taken a number of steps to enhance this initiative to provide our customers with a seamless and frictionless shopping experience in our stores, online, on the job site or in their homes. We continued to utilize our second generation FIRST phones, our web-enabled handheld devices, to enhance the customer experience in our stores by allowing our associates to convert online sales in the aisle and expedite the checkout process for customers during peak traffic periods.

Product Authority – Our product authority initiative is facilitated by our merchandising transformation and portfolio strategy, which is focused on delivering product innovation, assortment and value. In the first quarter of fiscal 2016, we continued to introduce a wide range of innovative new products to our do-it-yourself, do-it-for-me and professional customers, while remaining focused on offering everyday values in our stores and online. We also continued to utilize our merchandising

assortment planning and pricing tools to better understand customer preferences and to refine our product assortment in particular stores and geographic areas.

Productivity and Efficiency Driven by Capital Allocation – Our approach to driving productivity and efficiency is advanced through continuous operational improvement in our stores and supply chain, disciplined capital allocation, and building shareholder value through higher returns on invested capital and total value returned to shareholders in the form of dividends and share repurchases. We continue to optimize our supply chain through our multi-year program called Project Sync, which is being rolled out gradually to suppliers in several U.S. Rapid Deployment Centers ("RDCs"). This will allow us to significantly reduce our average lead time from supplier to shelf, reduce transportation expenses and improve inventory turns. As we continue to roll out Project Sync, we plan to create an end-to-end solution that benefits all participants in our supply chain, from our suppliers to our transportation providers to our RDC and store associates to our customers.

We opened one new store in Mexico during the first quarter of fiscal 2016, for a total store count of 2,275 at the end of the quarter. As of the end of the first quarter of fiscal 2016, a total of 298 of our stores, or 13.1%, were located in Canada and Mexico.

We generated \$3.6 billion of cash flow from operations in the first quarter of fiscal 2016. This cash flow, along with \$3.0 billion of long-term debt issued in the first quarter of fiscal 2016, was used to repay \$3.0 billion of 5.40% senior notes that matured on March 1, 2016, fund \$1.2 billion of share repurchases, pay \$862 million of dividends, repay \$350 million of short-term borrowings and fund \$325 million in capital expenditures.

Our inventory turnover ratio was 4.8 times at the end of the first quarter of fiscal 2016 compared to 4.7 times at the end of the first quarter of fiscal 2015. Our return on invested capital (computed on net operating profit after tax for the trailing twelve months and the average of beginning and ending long-term debt and equity) was 29.2% for the first quarter of fiscal 2016 compared to 26.2% for the first quarter of fiscal 2015.

Interconnecting Retail – Our focus on interconnecting retail is based on building a competitive and seamless platform across all commerce channels. In the first quarter of fiscal 2016, we continued to invest in our interconnected abilities to more effectively meet customers' demands for increased fulfillment options. Our new Customer Order Management platform ("COM") is scheduled to be rolled out in all of our U.S. stores before the end of fiscal 2016. We also continued the roll out of our Buy Online, Deliver From Store ("BODFS") program, which complements our existing interconnecting retail programs, Buy Online, Ship to Store ("BOSS") and Buy Online, Pick-up In Store ("BOPIS"). We have seen strong demand for our BODFS program in certain markets where it has been piloted, and expect to complete the roll out of BODFS by the end of fiscal 2016.

Additionally, we have fully implemented BOSS via RDC delivery capability, which enables us to fulfill BOSS orders through our RDC network, leveraging our inventory and fulfillment channels, which has resulted in significant cost savings and improved shipping times and customer satisfaction scores. In the first quarter of fiscal 2016, over 40% of our online orders were picked up in our stores through our BOPIS and BOSS offerings. Sales from our online channels increased 21.5% for the first quarter of fiscal 2016 compared to the first quarter of fiscal 2015 and represented 5.7% of our total Net Sales for the first quarter of fiscal 2016.

[Table of Contents](#)

We believe the selected sales data, the percentage relationship between Net Sales and major categories in the Consolidated Statements of Earnings and the percentage change in the dollar amounts of each of the items presented below are important in evaluating the performance of our business operations.

	% of Net Sales		
	Three Months Ended		
	May 1, 2016	May 3, 2015	% Increase (Decrease)
NET SALES	100.0 %	100.0 %	9.0%
GROSS PROFIT	34.2	34.4	8.5
Operating Expenses:			
Selling, General and Administrative	18.8	19.9	2.8
Depreciation and Amortization	1.9	2.0	3.3
Total Operating Expenses	20.7	21.9	2.9
OPERATING INCOME	13.5	12.4	18.5
Interest and Other (Income) Expense:			
Interest and Investment Income	—	—	75.0
Interest Expense	1.1	0.9	23.9
Interest and Other, net	1.0	0.9	22.8
EARNINGS BEFORE PROVISION FOR INCOME TAXES	12.5	11.5	18.1
Provision for Income Taxes	4.6	3.9	25.7
NET EARNINGS	7.9 %	7.6 %	14.2%
<u>SELECTED SALES DATA</u> ⁽¹⁾			
Number of Customer Transactions (in millions)	374.8	360.2	4.1%
Average Ticket	\$ 60.03	\$ 58.60	2.4%
Sales per Square Foot	\$ 376.73	\$ 353.70	6.5%
Comparable Store Sales Increase (%) ⁽²⁾	6.5%	6.1%	N/A
Online Sales (% of Net Sales) ⁽³⁾	5.7%	5.1%	21.5%

Note: Certain percentages may not sum to totals due to rounding.

(1) Selected Sales Data does not include results for the Interline acquisition that was completed in the third quarter of fiscal 2015.

(2) Includes Net Sales at locations open greater than 12 months, including relocated and remodeled stores and online sales, and excluding closed stores. Retail stores become comparable on the Monday following their 365th day of operation. Comparable store sales is intended only as supplemental information and is not a substitute for Net Sales or Net Earnings presented in accordance with generally accepted accounting principles.

(3) Consists of Net Sales generated online through our Home Depot, Home Decorators Collection and Blinds.com websites for products picked up in stores or delivered to customer locations through our BOPIS, BOSS and BODFS programs.

N/A – Not Applicable

RESULTS OF OPERATIONS

Net Sales for the first quarter of fiscal 2016 increased 9.0% to \$22.8 billion from \$20.9 billion for the first quarter of fiscal 2015. The increase in Net Sales for the first quarter of fiscal 2016 primarily reflects the impact of positive comparable store sales driven by increased customer transactions and average ticket growth, as well as sales from Interline, which was acquired in the third quarter of fiscal 2015. The increase in Net Sales was partially offset by pressure from a stronger U.S. dollar, which negatively impacted total sales growth by \$196 million in the first quarter of fiscal 2016.

Total comparable store sales increased 6.5% for the first quarter of fiscal 2016, which reflects a number of factors, including the execution of our key initiatives, an improved U.S. home improvement market, favorable weather conditions and broad-based growth across our stores. All of our departments posted positive comparable store sales for the first quarter of fiscal 2016. Comparable store sales for our Appliances, Tools, Building Materials, Lumber, Lighting, Hardware, Millwork and Décor product categories were above the Company average for the first quarter of fiscal 2016. Further, our comparable store customer transactions increased 4.0% for the first quarter of fiscal 2016, and our comparable store average ticket increased 2.5% for the first quarter of fiscal 2016, due in part to strong sales in big ticket purchases such as appliances, roofing, sheds and windows, offset in part by the strength of the U.S. dollar.

Gross Profit increased 8.5% to \$7.8 billion for the first quarter of fiscal 2016 from \$7.2 billion for the first quarter of fiscal 2015. Gross Profit as a percent of Net Sales, or gross profit margin, decreased 13 basis points to 34.2% for the first quarter of fiscal 2016 compared to 34.4% for the first quarter of fiscal 2015. The decrease in gross profit margin for the first quarter of fiscal 2016 reflects the impact of Interline, which has a lower gross profit margin, partially offset by benefits from our supply chain driven by lower fuel costs and increased productivity.

Selling, General and Administrative expenses ("SG&A") increased 2.8% to \$4.3 billion for the first quarter of fiscal 2016 from \$4.2 billion for the first quarter of fiscal 2015. As a percent of Net Sales, SG&A was 18.8% for the first quarter of fiscal 2016 compared to 19.9% for the first quarter of fiscal 2015. The decrease in SG&A as a percent of Net Sales for the first quarter of fiscal 2016 reflects expense leverage resulting from the positive comparable store sales environment and strong expense controls.

Depreciation and Amortization increased 3.3% to \$433 million for the first quarter of fiscal 2016 from \$419 million for the first quarter of fiscal 2015. Depreciation and Amortization as a percent of Net Sales was 1.9% for the first quarter of fiscal 2016 compared to 2.0% for the first quarter of fiscal 2015. Depreciation and Amortization as a percent of Net Sales for the first quarter of fiscal 2016 reflects expense leverage resulting from the positive comparable store sales environment.

Operating Income increased 18.5% to \$3.1 billion for the first quarter of fiscal 2016 from \$2.6 billion for the first quarter of fiscal 2015. Operating Income as a percent of Net Sales was 13.5% for the first quarter of fiscal 2016 compared to 12.4% for the first quarter of fiscal 2015.

For the first quarter of fiscal 2016, we recognized \$237 million of Interest and Other, net, compared to \$193 million for the first quarter of fiscal 2015. Interest and Other, net, as a percent of Net Sales was 1.0% for the first quarter of fiscal 2016 compared to 0.9% for the first quarter of fiscal 2015. These results reflect additional interest expense incurred in the first quarter of fiscal 2016 due primarily to higher long-term debt balances.

Our combined effective income tax rate was 36.5% for the first quarter of fiscal 2016 compared to 34.3% for the first quarter of fiscal 2015. The effective income tax rate for the first quarter of fiscal 2015 reflects a \$71 million net benefit to our Provision for Income Taxes due primarily to the favorable settlement of a tax audit.

Diluted Earnings per Share were \$1.44 for the first quarter of fiscal 2016 compared to \$1.21 for the first quarter of fiscal 2015. Diluted Earnings per Share for the first quarter of fiscal 2015 reflect \$0.05 of benefit from the favorable settlement of a tax audit.

LIQUIDITY AND CAPITAL RESOURCES

Cash flow generated from operations provides us with a significant source of liquidity. For the first quarter of fiscal 2016, Net Cash Provided by Operating Activities was \$3.6 billion compared to \$3.4 billion for the same period in fiscal 2015. This increase was primarily due to a \$224 million increase in Net Earnings resulting from higher comparable store sales and expense leverage.

Net Cash Used in Investing Activities for the first quarter of fiscal 2016 was \$321 million compared to \$317 million for the same period in fiscal 2015. The amount of cash flow used in investing activities for the first quarter of fiscal 2016, primarily Capital Expenditures, was consistent with the same period last year.

[Table of Contents](#)

Net Cash Used in Financing Activities for the first quarter of fiscal 2016 was \$2.3 billion compared to \$2.0 billion for the same period of fiscal 2015. In February 2016, we issued \$1.35 billion of 2.00% senior notes due April 1, 2021 (the "2021 notes") at a discount of \$5 million, \$1.3 billion of 3.00% senior notes due April 1, 2026 (the "2026 notes") at a discount of \$8 million, and \$350 million of 4.25% senior notes due April 1, 2046 (the "2046 notes") at a premium of \$2 million (together, the "February 2016 issuance"). The 2046 notes form a single series with our \$1.25 billion of 4.25% senior notes due April 1, 2046 that were issued in May 2015, and have the same terms. The aggregate principal amount outstanding of our senior notes due April 1, 2046 is \$1.6 billion. Interest on the 2021 and 2026 notes is due semi-annually on April 1 and October 1 of each year, beginning October 1, 2016. Interest on the 2046 notes is due semi-annually on April 1 and October 1 of each year, beginning April 1, 2016, with interest accruing from October 1, 2015. The net proceeds of the February 2016 issuance were used to repay our 5.40% senior notes that matured on March 1, 2016.

In fiscal 2015, we entered into forward starting interest rate swap agreements with a combined notional amount of \$1.0 billion, accounted for as cash flow hedges, to hedge interest rate fluctuations in anticipation of the February 2016 issuance. In connection with the February 2016 issuance, we paid \$89 million to settle these forward starting interest rate swap agreements. This amount, net of income taxes, is included in Accumulated Other Comprehensive Income and will be amortized to Interest Expense over the term of the 2026 notes.

We have commercial paper programs that allow for borrowings up to \$2.0 billion. In connection with these programs, we have a back-up credit facility with a consortium of banks for borrowings up to \$2.0 billion. The credit facility expires in December 2019 and contains various restrictive covenants. At May 1, 2016, we were in compliance with all of the covenants, and they are not expected to impact our liquidity or capital resources. During the first quarter of fiscal 2016, all of our short-term borrowings were under these commercial paper programs, and the maximum amount outstanding at any time during the first quarter of fiscal 2016 was \$617 million. As of May 1, 2016, there were no borrowings outstanding under the commercial paper programs or the related credit facility.

As of May 1, 2016, we had \$3.3 billion in Cash and Cash Equivalents. We believe that our current cash position, access to the long-term debt capital markets and cash flow generated from operations should be sufficient not only for our operating requirements but also to enable us to complete our capital expenditure programs and fund dividend payments, share repurchases and any required long-term debt payments through the next several fiscal years. In addition, we have funds available from our commercial paper programs and the ability to obtain alternative sources of financing.

RECENT ACCOUNTING PRONOUNCEMENTS

For a summary of recently issued accounting pronouncements which may be applicable to us, see Note 1 to the Consolidated Financial Statements included in this report.

On February 1, 2016, we adopted Accounting Standards Update ("ASU") No. 2015-03, "Interest—Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs" and ASU No. 2015-17, "Income Taxes (Topic 740): Balance Sheet Classification of Deferred Taxes". See Note 2 to the Consolidated Financial Statements included in this report.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Our exposure to market risks results primarily from fluctuations in interest rates. We are also exposed to risks from foreign currency exchange rate fluctuations on the translation of our foreign operations into U.S. dollars and on the purchase of goods by these foreign operations that are not denominated in their local currencies. There have been no material changes to our exposure to market risks from those disclosed in our Annual Report on Form 10-K for the fiscal year ended January 31, 2016 as filed with the SEC on March 24, 2016 ("2015 Form 10-K").

Item 4. Controls and Procedures

The Company maintains disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) that are designed to ensure that information required to be disclosed in the Company's Securities Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures as of the end of the period covered by this report. Based upon that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective.

There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the Securities Exchange Act) during the fiscal quarter ended May 1, 2016 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

Except as set forth below, there were no material changes during the first quarter of fiscal 2016 to our disclosure in Item 3 of our 2015 Form 10-K.

For a description of the litigation and government inquiries related to the Data Breach, see Note 4 to the Consolidated Financial Statements included in Part I, Item 1, "Financial Statements", which description is incorporated herein by reference.

Item 1A. Risk Factors

In addition to the other information set forth in this Form 10-Q, you should carefully consider the factors discussed under Item 1A, "Risk Factors" and elsewhere in our 2015 Form 10-K. These risks and uncertainties could materially and adversely affect our business, financial condition and results of operations. Our operations could also be affected by additional factors that are not presently known to us or by factors that we currently consider immaterial to our business. There have been no material changes in the risk factors discussed in our 2015 Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds
(a) Unregistered Sales of Equity Securities

- During the first quarter of fiscal 2016, the Company issued 449 deferred stock units under The Home Depot, Inc. Non-Employee Directors' Deferred Stock Compensation Plan pursuant to the exemption from registration provided by Section 4(a)(2) of the Securities Act of 1933, as amended (the "Securities Act") and Rule 506 of the SEC's Regulation D thereunder. The deferred stock units were credited to the accounts of those non-employee directors who elected to receive all or a portion of board retainers in the form of deferred stock units instead of cash during the first quarter of fiscal 2016. The deferred stock units convert to shares of common stock on a one-for-one basis following a termination of service as described in this plan.
- During the first quarter of fiscal 2016, the Company credited 1,139 deferred stock units to participant accounts under The Home Depot FutureBuilder Restoration Plan pursuant to an exemption from the registration requirements of the Securities Act for involuntary, non-contributory plans. The deferred stock units convert to shares of common stock on a one-for-one basis following the termination of service as described in this plan.

(b) Purchases of Equity Securities

In the first quarter of fiscal 2015, the Board of Directors authorized an \$18.0 billion share repurchase program. Through the end of the first quarter of fiscal 2016, the Company has repurchased shares of its common stock having a value of approximately \$8.2 billion under this program. The number and average price of shares purchased in each fiscal month of the first quarter of fiscal 2016 are set forth in the table below:

Period	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid Per Share ⁽¹⁾	Total Number of Shares Purchased as Part of Publicly Announced Program ⁽²⁾	Dollar Value of Shares that May Yet Be Purchased Under the Program ⁽²⁾
February 1, 2016 – February 28, 2016	13,779	\$ 125.90	—	\$ 11,000,000,017
February 29, 2016 – March 27, 2016	4,601,130	\$ 129.03	3,639,998	\$ 10,531,250,096
March 28, 2016 – May 1, 2016	5,815,927	\$ 134.36	5,814,760	\$ 9,750,000,413
	10,430,836	\$ 131.99	9,454,758	

- These amounts include repurchases pursuant to the Company's 1997 and Amended and Restated 2005 Omnibus Stock Incentive Plans (the "Plans"). Under the Plans, participants may surrender shares as payment of applicable tax withholding on the vesting of restricted stock and deferred share awards. Participants in the Plans may also exercise stock options by surrendering shares of common stock that the participants already own as payment of the exercise price. Shares so surrendered by participants in the Plans are repurchased pursuant to the terms of the Plans and applicable award agreement and not pursuant to publicly announced share repurchase programs.*
- In the first quarter of fiscal 2015, the Board of Directors authorized an \$18.0 billion share repurchase program that replaced the previous authorization. The program does not have a prescribed expiration date.*
