**THE HOME DEPOT, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Unaudited)

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**

The accompanying Consolidated Financial Statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the Consolidated Financial Statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended January 29, 2006, as filed with the Securities and Exchange Commission (File No. 1-8207).

**Business**

The Home Depot, Inc. and subsidiaries (the “Company”) operate The Home Depot stores, which are full-service, warehouse-style stores averaging approximately 105,000 square feet in size. The stores stock approximately 35,000 to 45,000 different kinds of building materials, home improvement supplies and lawn and garden products that are sold to do-it-yourself customers, do-it-for-me customers, home improvement contractors, tradespeople and building maintenance professionals. In addition, the Company operates EXPO Design Center stores (“EXPO”), The Home Depot Landscape Supply stores and The Home Depot Floor Stores.

Additionally, Home Depot Supply, through the Company’s wholly-owned subsidiaries, distributes products and sells installation services primarily to business-to-business customers, including home builders, professional contractors, municipalities and maintenance professionals. Home Depot Supply includes water and sewer, industrial fasteners, maintenance, repair and operations supply (“MRO”), professional construction supply, plumbing and HVAC, interiors, lumber, electric utilities, industrial pipes, valves and fittings and electrical products distribution.

#### Short-Term Investments

Short-Term Investments are primarily auction rate securities. The interest rates on these securities are typically reset to market prevailing rates every 35 days or less, and in all cases every 90 days or less, but have longer stated maturities. Short-Term Investments are recorded at fair value based on current market rates and are classified as available-for-sale. Changes in the fair value are included in Accumulated Other Comprehensive Income (Loss), net of income taxes in the accompanying Consolidated Financial Statements.

#### Services Revenue

Net Sales include services revenue generated through a variety of installation, home maintenance and professional service programs. In these programs, the customer selects and purchases material for a project and the Company provides or arranges professional installation. These programs are offered through the Company’s stores and Home Depot Supply locations. Under certain programs, when the Company provides or arranges the installation of a project and the subcontractor provides material as part of the installation, both the material and labor are included in services revenue. The Company recognizes this revenue when the service for the customer is complete.

All payments received prior to the completion of services are recorded in Deferred Revenue in the accompanying Consolidated Balance Sheets. Retail services revenue, including the impact of Deferred Revenue, was \$844 million and \$778 million for the three months ended April 30, 2006 and May 1, 2005, respectively.

7

#### Gift Cards

The Company recognized \$7 million and \$43 million of income related to gift card breakage in the first quarter of fiscal 2006 and the first quarter of fiscal 2005, respectively. The gift card breakage amount recognized was based upon historical redemption patterns and represents the remaining balance of gift cards for which the Company believes the likelihood of redemption by the customer is remote. The first quarter of 2005 was the first period in which the Company recognized gift card breakage and therefore the amount recognized includes the breakage income related to gift cards sold since the inception of the gift card program. This income is included in the Consolidated Statements of Earnings as a reduction in Selling, General and Administrative Expenses (“SG&A”).

#### Valuation Reserves

As of the end of the first quarter of fiscal 2006, the valuation allowances for Merchandise Inventories and uncollectible accounts receivable were not material.

#### Reclassifications

Certain amounts in the prior fiscal period have been reclassified to conform with the presentation adopted in the current fiscal period.

## 2. BASIC AND DILUTED WEIGHTED AVERAGE COMMON SHARES

The reconciliation of basic to diluted weighted average common shares for the three months ended April 30, 2006 and May 1, 2005 was as follows (amounts in millions):

	Three Months Ended	
	April 30, 2006	May 1, 2005
Weighted average common shares	2,114	2,162
Effect of potentially dilutive securities:		
Stock Plans	8	10
Diluted weighted average common shares	2,122	2,172

Stock plans include shares granted under the Company’s employee stock purchase plan (“ESPP”) and stock incentive plans, as well as shares issued for deferred compensation stock plans. Options to purchase 32.3 million and 65.7 million shares of common stock for the three months ended April 30, 2006 and May 1, 2005, respectively, were excluded from the computation of Diluted Earnings per Share because their effect would have been anti-dilutive.

## 3. DISPOSITION OF INTEREST IN CERTAIN EXPO REAL ESTATE

In the first quarter of fiscal 2005, the Company recorded \$86 million in SG&A expense related to asset impairment charges associated with the closing of 20 EXPO stores. The Company remains contingently liable for future minimum lease payments related to the affected stores, for which the amounts are not material. Additionally, the Company recorded \$20 million of expense in Cost of Sales in the first quarter of fiscal 2005 related to inventory markdowns in these stores.

8

#### 4. LONG-TERM DEBT

In March 2006, the Company issued \$1.0 billion of 5.20% Senior Notes due March 1, 2011 at a discount of \$1 million and \$3.0 billion of 5.40% Senior Notes due March 1, 2016 at a discount of \$15 million, together the "March 2006 issuance". Interest on these senior notes is due semi-annually on March 1 and September 1 of each year. The net proceeds of the March 2006 issuance were used to pay for the acquisition price of Hughes Supply, Inc. and for the repayment of the Company's 5.375% Senior Notes due April 2006 in the aggregate principal amount of \$500 million. The \$16 million discount associated with the March 2006 issuance is being amortized over the term of the Senior Notes using the effective interest rate method. Issuance costs were \$19 million and are being amortized over the term of the Senior Notes. The Senior Notes may be redeemed by the Company at any time, in whole or in part, at a redemption price plus accrued interest up to the redemption date. The redemption price is equal to the greater of (1) 100% of the principal amount of the Senior Notes to be redeemed, or (2) the sum of the present values of the remaining scheduled payments of principal and interest to maturity. The Company is generally not limited under the indenture governing the Senior Notes in its ability to incur additional indebtedness or required to maintain financial ratios or specified levels of net worth or liquidity. However, the indenture governing the Senior Notes contains various restrictive covenants, none of which is expected to impact the Company's liquidity or capital resources.

Additionally in March 2006, the Company entered into forward starting interest rate swap agreements with a notional amount of \$2.0 billion accounted for as a cash flow hedge to hedge interest rate fluctuations in anticipation of the issuance of the 5.40% Senior Notes due March 1, 2016. Upon issuance of the 5.40% Senior Notes due March 1, 2016, the Company settled its forward starting interest rate swap agreements and recorded a \$12 million decrease, net of income taxes, to Accumulated Other Comprehensive Income, which will be amortized to interest expense over the life of the 5.40% Senior Notes due March 1, 2016.

#### 5. ACQUISITIONS

The following acquisitions completed by the Company during the first quarter of fiscal 2006 were accounted for under the purchase method of accounting and, accordingly, their results of operations have been consolidated in the Company's financial statements since the date of acquisition. Pro forma results of operations for the three months ended April 30, 2006 and May 1, 2005 would not be materially different as a result of these acquisitions and therefore are not presented.

On March 30, 2006, the Company acquired Hughes Supply, Inc., a leading distributor of construction, repair and maintenance products for an aggregate purchase price, including cash acquired, of \$3.5 billion. This acquisition will be operated under Home Depot Supply.

On February 8, 2006, the Company acquired CTF Supply, Inc., a distributor of industrial tools, fasteners and supplies. This acquisition will be operated under Home Depot Supply.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the dates of acquisition for Hughes Supply, Inc. and CTF Supply, Inc., and is subject to the final fair value determination of certain assets and liabilities (amounts in millions):

Cash	\$	204
Receivables		805
Inventories		744
Property and Equipment		135
Intangible Assets <sup>(1)</sup>		777
Goodwill		2,113
Other assets		169
Total assets acquired		4,947
Current liabilities		1,111
Other liabilities		290
Total liabilities assumed		1,401
Net assets acquired	\$	3,546

(1) Primarily includes customer relationships and tradenames and are included in Other Assets in the accompanying Consolidated Balance Sheets.

#### 6. EMPLOYEE STOCK PLANS

Effective February 3, 2003, the Company adopted the fair value method of recording stock-based compensation expense in accordance with SFAS No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"). The Company selected the prospective method of adoption as described in SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure," and accordingly, stock-based compensation expense was recognized for stock options granted, modified or settled and expense related to the ESPP after the beginning of fiscal 2003. Effective January 30, 2006, the Company adopted the fair value recognition provisions of SFAS 123(R), "Share-Based Payment," ("SFAS 123(R)") using the modified prospective transition method. Under the modified prospective transition method, the Company began expensing unvested options granted prior to 2003 in addition to continuing to recognize stock-based compensation expense for all share-based payments awarded since the adoption of SFAS 123 in fiscal 2003. The Company expects the fiscal 2006 impact of the adoption of SFAS 123(R) to result in total additional stock compensation expense of \$40 million, inclusive of the \$26 million recognized in the first quarter of fiscal 2006. The Company does not expect SFAS 123(R) to have a material impact to its financial results in fiscal 2007 and beyond. Results of prior periods have not been restated.

The per share weighted average fair value of stock options granted during the first quarter of fiscal 2006 and 2005 was \$12.71 and \$12.72, respectively. The fair value of stock options is determined on the date of grant using the Black-Scholes option-pricing model that uses various assumptions noted in the following table. Expected volatility is based on the historical volatility and other factors. The Company uses historical data to estimate stock option exercise and forfeiture rates. The expected term of the stock options granted represents the period of time that options are expected to be outstanding. The risk-free rate is based on U.S. Treasury yields in effect at the time of the grant for the expected term of the stock options.

	Three Months Ended	
	April 30, 2006	May 1, 2005
Risk-free interest rate	4.6%	4.3%
Assumed volatility	28.5%	33.7%
Assumed dividend yield	1.4%	1.1%
Assumed lives of options	5 years	5 years

The following table illustrates the effect on Net Earnings and Earnings per Share as if the Company had applied the fair value recognition provisions of SFAS 123(R) to all stock-based compensation in each period (amounts in millions, except per share data):

	Three Months Ended	
	April 30, 2006	May 1, 2005
Net Earnings, as reported	\$ 1,484	\$ 1,247
Add: Stock-based compensation expense included in reported Net Earnings, net of related tax effects	48	24
Deduct: Total stock-based compensation expense determined under the fair value based method for all awards, net of related tax effects	(48)	(50)
Pro forma net earnings	\$ 1,484	\$ 1,221
Earnings per Share:		
Basic—as reported	\$ 0.70	\$ 0.58
Basic—pro forma	\$ 0.70	\$ 0.56
Diluted—as reported	\$ 0.70	\$ 0.57
Diluted—pro forma	\$ 0.70	\$ 0.56

The Home Depot, Inc. 2005 Omnibus Stock Incentive Plan (“2005 Plan”) and The Home Depot, Inc. 1997 Omnibus Stock Incentive Plan (“1997 Plan”) (collectively the “Plans”) provide that incentive stock options, non-qualified stock options, stock appreciation rights, restricted shares, performance shares, performance units and deferred shares may be issued to selected associates, officers and directors of the Company. Under the 2005 Plan, the maximum number of shares of the Company’s common stock authorized for issuance is 255 million shares, with any award other than a stock option reducing the number of shares available for issuance by 2.11 shares. As of April 30, 2006, there were 239 million shares available for future grant under the 2005 Plan. No additional equity awards may be issued from the 1997 Plan since the adoption of the 2005 Plan on May 26, 2005.

Under the Plans, as of April 30, 2006, the Company had granted incentive and non-qualified stock options for 190 million shares, net of cancellations (of which 116 million have been exercised). Incentive stock options and non-qualified stock options are priced at the fair market value of the Company’s stock on the date of the grant and typically vest at the rate of 25% per year commencing on the first anniversary date of the grant and expire on the tenth anniversary date of the grant. The Company recognized \$61 million and \$28 million of stock-based compensation expense in the first quarter of fiscal 2006 and 2005, respectively, related to stock options and the ESPP.

Under the Plans, as of April 30, 2006, the Company had issued 12 million shares of restricted stock, net of cancellations (the restrictions on 1 million shares have lapsed). Generally, the restrictions on the restricted stock lapse according to one of the following schedules: (1) the restrictions on 100% of the restricted stock lapse at 3, 4 or 5 years, (2) the restrictions on 25% of the restricted stock lapse upon the third and sixth year anniversaries of the date of issuance with the remaining 50% of the restricted stock lapsing upon the associate’s attainment of age 62, or (3) the restrictions on 25% of the restricted stock lapse upon the third and sixth year anniversaries of the date of issuance with the remaining 50% of the restricted stock lapsing upon the earlier of the associate’s attainment of age 60 or the tenth anniversary date. The fair value of the restricted stock is expensed over the period during which the restrictions lapse. The Company recorded stock-based compensation expense related to restricted stock of \$13 million and \$8 million in the first quarter of fiscal 2006 and 2005, respectively.

The Company maintains two employee stock purchase plans (U.S. and non-U.S. plans). The plan for U.S. associates is a tax-qualified plan under Section 423 of the Internal Revenue Code. The non-U.S. plan is not a Section 423 plan. The ESPPs allow associates to purchase up to 152 million shares of common stock, of which 117 million shares (adjusted for stock splits) have been purchased from inception of the plans. The purchase price of shares under the ESPPs is equal to 85% of the stock’s fair market value on the last day of the purchase period. During the first quarter of fiscal 2006, there were no shares purchased under the ESPPs. Under the outstanding ESPPs as of April 30, 2006, employees have contributed \$39 million to purchase shares at 85% of the stock’s fair market value on the last day (June 30, 2006) of the purchase period. The Company had 35 million shares available for issuance under the ESPPs at April 30, 2006.

In the first quarter of fiscal 2006 and 2005, there were 210,000 and 220,000 deferred stock units, respectively, granted under the Plans. Each deferred stock unit entitles the associate to one share of common stock to be received up to five years after the vesting date of the deferred stock unit, subject to certain deferral rights of the associate. The Company recorded stock-based compensation expense related to deferred stock units of \$3 million and \$2 million in the first quarter of fiscal 2006 and 2005, respectively.

As of April 30, 2006, there were 3 million non-qualified stock options and 1 million deferred stock units outstanding under non-qualified stock option and deferred stock unit plans that are not part of the Plans. During the first quarter of fiscal 2006 the Company did not grant any deferred stock units under the deferred stock unit plans that are not part of the Plans.

In total, the Company recorded stock-based compensation expense, including the expense of stock options, ESPPs, restricted stock and deferred stock units, of \$77 million and \$38 million, in the first quarter of fiscal 2006 and 2005, respectively.

The following table summarizes stock options outstanding at April 30, 2006 and changes during the quarter then ended:

	Number of Shares (Thousands)	Weighted Average Option Price	Weighted Average Remaining Life (Yrs.)	Aggregate Intrinsic Value (Millions)
Outstanding at January 29, 2006	84,032	\$ 37.24		

Granted	124	41.60		
Exercised	(5,570)	29.23		
Canceled	(2,034)	39.60		
Outstanding at April 30, 2006	76,552	\$ 37.77	6.3	\$ 165
Exercisable at April 30, 2006	49,650	\$ 38.87	5.4	\$ 53
Vested and expected to vest at April 30, 2006	72,113			

The total intrinsic value of stock options exercised during the quarter ended April 30, 2006 was \$73 million.

12

The following table summarizes information regarding stock options outstanding at April 30, 2006 (shares in thousands):

Range of Exercise Prices	Options Outstanding	Weighted Average Remaining Life (Yrs.)	Weighted Average Outstanding Option Price	Options Exercisable	Weighted Average Exercisable Option Price
\$ 11.33 to 21.29	3,058	1.5	\$ 17.98	3,058	\$ 17.98

Restrictions lapsed	(237)	28.42
Canceled	(288)	35.68
Outstanding at April 30, 2006	10,587	\$ 39.81

## 7. SEGMENT INFORMATION

The Company operates in two reportable business segments: Retail and Supply. The Retail segment is principally engaged in the operation of retail stores located in the United States, Canada and Mexico. The Supply segment distributes products and sells installation services to business-to-business customers, including home builders, professional contractors, municipalities and maintenance professionals. The Company identifies segments based on how management makes operating decisions, assesses performance and allocates resources. The first quarter of fiscal 2006 is the first period in which the Company began to report its results of operations in two segments. This change is a result of the purchase of Hughes Supply, Inc., which significantly increased the size of Home Depot Supply and resulted in changes in the Company's internal reporting and management structure.

The Retail segment includes The Home Depot stores, EXPO Design Center stores, The Home Depot Floor Stores and The Home Depot Landscape Supply. The Retail segment also includes the Company's retail services business and Home Depot Direct, the Company's catalog and on-line sales business.

The Supply segment includes water and sewer, industrial fasteners, MRO, professional construction supply, plumbing and HVAC, interiors, lumber, electric utilities, industrial pipes, valves and fittings and electrical products distribution.

13

The Company measures the profit of its segments as "operating income," which is defined as earnings before net interest expense and provision for income taxes. The amounts under the caption "Eliminations/Other" in the following tables are unallocated corporate overhead as well as intersegment eliminations. The following tables present Net Sales and other financial information by segment for the three months ended April 30, 2006 and May 1, 2005, respectively (amounts in millions):

	Three Months Ended April 30, 2006			
	Retail	Supply	Eliminations/Other	Consolidated

## 8. SUBSEQUENT EVENT

In May 2006, the Company entered into a \$2.0 billion accelerated share repurchase agreement with a financial institution pursuant to which the Company repurchased approximately 53 million shares of its common stock. Under the agreement, the financial institution is expected to purchase an equivalent number of shares of the Company's common stock in the open market. The shares repurchased by the Company are subject to a future purchase price adjustment based upon the weighted average price of the Company's common stock over an agreed period, subject to a specified collar. Settlement is expected to occur in the third quarter of fiscal 2006 and can be made in cash or shares of the Company's common stock at the Company's election.

## THE HOME DEPOT, INC. AND SUBSIDIARIES REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Shareholders  
The Home Depot, Inc.:

We have reviewed the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of April 30, 2006, and the related Consolidated Statements of Earnings, Cash Flows and Comprehensive Income for the three-month periods ended April 30, 2006 and May 1, 2005. These Consolidated Financial Statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the Consolidated Financial Statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of January 29, 2006, and the related Consolidated Statements of Earnings, Stockholders' Equity and Comprehensive Income, and Cash Flows for the year then ended (not presented herein); and in our report dated March 22, 2006, except as to note 12 which is as of March 24, 2006, we expressed an unqualified opinion on those Consolidated Financial Statements. In our opinion, the information set forth in the accompanying Consolidated Balance Sheet as of January 29, 2006, is fairly stated, in all material respects, in relation to the Consolidated Balance Sheet from which it has been derived.

## THE HOME DEPOT, INC. AND SUBSIDIARIES

### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

#### FORWARD-LOOKING STATEMENTS

Certain statements contained herein, including any statements related to Net Sales growth, impact of cannibalization, commodity price inflation and deflation, implementation of store initiatives, protection of intellectual property rights, Net Earnings performance, including depreciation expense, earnings per share, stock-based compensation expense, store openings and closures, capital allocation and expenditures, the effect of adopting certain accounting standards, return on invested capital, the growth of Home Depot Supply, our ability to successfully operate in a non-retail industry, management of our purchasing or customer credit policies, strategic direction and the demand for our products and services, constitute "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. These statements are based on currently available information and are based on our current expectations and projections about future events. These statements are subject to risks and uncertainties that could cause actual results to differ materially from our historical experience and expectations. Some of the material risks and uncertainties that could cause actual results to differ materially from historical experience and expectations are described under "Risk Factors" in our Form 10-K for Fiscal 2005 as filed with the Securities Exchange Commission. Undue reliance should not be placed on the forward-looking statements contained herein as they speak only as of the date hereof.

and we undertake no obligation to update these forward-looking statements to reflect subsequent events or circumstances. Additional information regarding these and other risks and uncertainties is contained in the aforementioned Form 10-K and in our other periodic filings with the SEC.

## EXECUTIVE SUMMARY AND SELECTED CONSOLIDATED STATEMENTS OF EARNINGS DATA

For the first quarter of fiscal 2006, we reported Net Earnings of \$1.5 billion and Diluted Earnings per Share of \$0.70 compared to Net Earnings of \$1.2 billion and Diluted Earnings per Share of \$0.57 for the first quarter of fiscal 2005. Net Sales increased 13.1% to \$21.5 billion for the first quarter of fiscal 2006 from \$19.0 billion for the first quarter of fiscal 2005. We also achieved a record gross profit margin of 33.7% and a record operating margin of 11.3% for the first quarter of fiscal 2006. These results were achieved through the continued execution of our strategy to enhance the core, extend the business and expand the market.

We enhanced our core retail business by continuing to introduce new and innovative merchandise that reflect emerging consumer trends, supported by continued investments in store modernization and technology. These investments have resulted in improved performance measures, including average ticket, which increased 4.3% in the first quarter of fiscal 2006 to \$60.75, a Company record.

We invested \$705 million in capital expenditures during the first quarter of fiscal 2006 for store modernization and technology as well as for 23 new store openings. We further extended our business by growing our numerous installation and home maintenance programs serving our do-it-for-me customers through our stores. Our retail services revenue increased 8.5% to \$844 million in the first quarter of fiscal 2006. We experienced sustained growth in categories such as countertops, windows, solar and exterior patios and doors.

We opened 23 new stores during the first quarter of fiscal 2006, including 4 relocations, bringing our total store count to 2,051. As of the end of the first quarter of fiscal 2006, 197, or approximately 10%, of our stores were located in Canada or Mexico compared to 165 as of the end of the first quarter of fiscal 2005.

We have expanded our business by capturing a growing share of the professional residential, commercial and heavy construction markets, which operate under Home Depot Supply. As part of this expansion in the first quarter of fiscal 2006, we acquired Hughes Supply, Inc., a leading distributor of construction and repair products.

16

We generated \$3.9 billion of cash flow from operations in the first quarter of fiscal 2006. We used this cash flow to fund, in part, \$705 million in capital expenditures, \$3.3 billion for acquisitions and \$872 million of dividends and share repurchases.

At the end of the first quarter of fiscal 2006, our long-term debt-to-equity ratio was 23.9%, reflecting the March 2006 issuance of \$1.0 billion of 5.20% Senior Notes due March 1, 2011 and \$3.0 billion of 5.40% Senior Notes due March 1, 2016. Our return on invested capital (computed on beginning long-term debt and equity for the trailing four quarters) was 24.2% compared to 22.0% for the first quarter of fiscal 2005, a 220 basis point improvement.

We believe the selected sales data, the percentage relationship between Net Sales and major categories in the Consolidated Statements of Earnings and the percentage change in the dollar amounts of each of the items presented as follows is important in evaluating the performance of our business operations. We operate in two business segments and believe the information presented in our Management's Discussion and Analysis of Results of Operations and Financial Condition provides an understanding of our business segments, our operations and our financial condition.

## RESULTS OF OPERATIONS

We operate in two reportable business segments: Retail and Supply. The Retail segment is principally engaged in the operation of retail stores located in the United States, Canada and Mexico. The Supply segment distributes products and sells installation services to business-to-business customers, including home builders, professional contractors, municipalities and maintenance professionals. We identify segments based on how management makes operating decisions, assesses performance and allocates resources. The first quarter of fiscal 2006 is the first period in which we began to report our results of operations in two segments. This change is a result of the purchase of Hughes Supply, Inc., which significantly increased the size of Home Depot Supply and resulted in changes in our internal reporting and management structure.

The Retail segment includes The Home Depot stores, EXPO Design Center stores, The Home Depot Floor Stores and The Home Depot Landscape Supply. The Retail segment also includes our retail services business and Home Depot Direct, the Company's catalog and on-line sales business.

The Supply segment includes water and sewer, industrial fasteners, maintenance, repair and operations supply, professional construction supply, plumbing and HVAC, interiors, lumber, electric utilities, industrial pipes, valves and fittings and electrical products distribution.

As we began reporting our results of operations in two segments in the first quarter of fiscal 2006 and operated as one segment in fiscal 2005, we are providing Net Sales and Operating Income information by segment for the first, second, third and fourth quarters of fiscal 2005 for informational purposes along with the results for the first quarter of fiscal 2006 (amounts in millions):

	Three Months Ended				
	April 30, 2006	May 1, 2005	July 31, 2005	October 30, 2005	January 29, 2006
<b>Net Sales</b>					
Retail	\$ 19,376	\$ 18,329	\$ 21,495	\$ 19,433	\$ 17,765
Supply	2,132	657	821	1,362	1,774
Intersegment Eliminations	(47)	(13)	(11)	(51)	(50)
Consolidated Net Sales	\$ 21,461	\$ 18,973	\$ 22,305	\$ 20,744	\$ 19,489
<b>Operating Income</b>					
Retail	\$ 2,278	\$ 1,976	\$ 2,789	\$ 2,362	\$ 1,931
Supply	149	28	59	113	119
Other	(5)	(5)	(5)	(2)	(2)
Consolidated Operating Income	\$ 2,422	\$ 1,999	\$ 2,843	\$ 2,473	\$ 2,048

Total Net Sales for the first quarter of fiscal 2006 increased 13.1%, or \$2.5 billion, to \$21.5 billion from \$19.0 billion for the first quarter of fiscal 2005. Of the \$2.5 billion increase, \$1.0 billion came from our Retail segment and \$1.5 billion came from our Supply segment.

In the first quarter of fiscal 2006, Net Sales for our Retail segment were \$19.4 billion, a 5.7% increase over the first quarter of fiscal 2005. Our Retail segment Net Sales growth for the first quarter of fiscal 2006 was primarily driven by sales from stores open less than one year. Additionally, our average ticket, which increased 4.3% to a Company record \$60.75, increased in all selling departments. For the first quarter of fiscal 2006, we experienced strong sales growth in our professional categories, including gypsum, insulation, concrete, wire, conduit, fasteners and pipes and fittings. Kitchen and Bath sales growth was driven by in-store and on-line appliance sales as well as sales of countertop and bath installations. This strength was offset in part due to softness in our seasonal and flooring categories.

In order to meet our customer service objectives, we strategically open stores near market areas served by existing stores ("cannibalize") to enhance service levels, gain incremental sales and increase market penetration. Our new stores cannibalized approximately 18% of our existing stores as of the first quarter of fiscal 2006.

The growth in Retail segment Net Sales for the first quarter of fiscal 2006 also reflects growth in retail services revenue, which increased 8.5% to \$844 million from \$778 million for the first quarter of fiscal 2005. The growth in services revenue was driven by strength in a number of areas including countertops, windows, solar and exterior patios and doors, partially offset by weakness in flooring. Our retail services programs focus primarily on providing products and services to our do-it-for-me customers. Our services revenue is expected to benefit from the growing percentage of aging "baby-boomers" as they rely more heavily on installation services.

Net Sales for our Supply segment were \$2.1 billion, an increase of 225% over the comparable period of fiscal 2005. This increase is a result of both organic and acquisitive sales growth. In the first quarter of fiscal 2006, we acquired sales of \$483 million, including our acquisition of Hughes Supply, Inc. Our Net Sales for the Supply segment businesses owned as of the end of the first quarter of fiscal 2005 increased 18% for the first quarter of fiscal 2006 over the comparable period of fiscal 2005.

We expect consolidated fiscal 2006 sales growth of 14% to 17% to be driven by organic sales growth and sales from newly acquired businesses, including Hughes Supply. However, we believe that our sales performance has been, and could continue to be, negatively impacted by the level of competition that we encounter in various markets. Due to the highly-fragmented U.S. home improvement and professional supply industry, in which we estimate our market share is approximately 11%, measuring the impact on our sales by our competitors is extremely difficult.

Total Gross Profit increased 13.7% to \$7.2 billion for the first quarter of fiscal 2006 from \$6.4 billion for the first quarter of fiscal 2005. Total Gross Profit as a percent of Net

Sales increased 19 basis points to 33.7% for the first quarter of fiscal 2006, a first quarter record, compared to 33.5% for the first quarter of fiscal 2005. Our gross profit margin was impacted by a number of factors during the first quarter of fiscal 2006. We experienced solid growth in our Retail segment due to a higher penetration of higher margin products sold during the first quarter of fiscal 2006, retail commodity price changes, our merchandise-driven cost-out programs and the anniversary of \$20 million of markdowns taken in connection with our fiscal 2005 decision to close 20 EXPO stores. The gross profit margin for our Supply segment decreased approximately 400 basis points in the first quarter of fiscal 2006 compared to the same period last year due to a change in the mix of businesses owned during the year. Supply segment businesses owned at the end of the first quarter of fiscal 2005 drove gross margin expansion of approximately 140 basis points in the first quarter of fiscal 2006 compared to the same period last year as we leveraged purchasing synergies throughout those companies. The increased penetration of our Supply segment negatively impacted our total gross profit margin by 36 basis points for the first quarter of fiscal 2006.

Operating Expenses increased 10.3% to \$4.8 billion for the first quarter of fiscal 2006 from \$4.4 billion for the first quarter of fiscal 2005. Operating Expenses as a percent of Net Sales were 22.4% for the first quarter of fiscal 2006 compared to 23.0% for the first quarter of fiscal 2005, a decrease of 56 basis points.

Selling, General and Administrative Expense ("SG&A") increased 9.2% to \$4.4 billion for the first quarter of fiscal 2006 from \$4.0 billion for the first quarter of fiscal 2005. As a percent of Net Sales, SG&A was 20.4% for the first quarter of fiscal 2006 compared to 21.2% for the first quarter of fiscal 2005. In both our Retail and Supply segments, we drove expense leverage in most of our major expense categories. Additionally, in the first quarter of fiscal 2006, we experienced a reduction in SG&A as a result of lower workers' compensation and general liability expense due to favorable loss experience resulting from certain process improvements. SG&A also reflected benefits from our private label credit card. Through our private label credit card we offer no interest/no payment programs. For the first quarter of fiscal 2006, the penetration of our private label credit sales was 27% compared to 26% for the first quarter of fiscal 2005.

20

---

In the first quarter of fiscal 2005, we recorded an \$86 million impairment charge to SG&A associated with the real estate of 20 EXPO stores that were closed. Additionally, in the first quarter of fiscal 2005, we recognized \$43 million of income in SG&A for gift card breakage. The first quarter of fiscal 2005 was the first period in which we recognized gift card breakage, and therefore, the amount recognized includes the breakage related to gift cards sold since the inception of our gift card program. We recognized \$7 million of income associated with gift card breakage in the first quarter of fiscal 2006. Additionally, in conjunction with the adoption of Statement of Financial Accounting Standards ("SFAS") No. 123(R), "Share-Based Payment" ("SFAS 123(R)"), we recorded \$26 million of stock compensation expense in the first quarter of fiscal 2006 related to the continued vesting of options granted prior to fiscal 2003.

Depreciation and Amortization increased 23.9% to \$420 million for the first quarter of fiscal 2006 from \$339 million for the first quarter of fiscal 2005. Depreciation and Amortization as a percent of Net Sales was 2.0% for the first quarter of fiscal 2006 and 1.8% for the first quarter of fiscal 2005. The increase as a percentage of Net Sales for the first quarter of fiscal 2006 was primarily due to the amortization of intangible assets acquired as part of our recent acquisitions and the depreciation of our investments in store modernization and technology.

In the first quarter of fiscal 2006, we recognized \$52 million of net Interest Expense compared to \$13 million in the first quarter of fiscal 2005. Net Interest Expense as a percent of Net Sales was 0.3% for the first quarter of fiscal 2006 and less than 0.1% for the first quarter of fiscal 2005. Interest Expense increased to \$63 million for the first quarter of fiscal 2006 from \$27 million for the first quarter of fiscal 2005 primarily due to additional interest incurred related to the March 2006 issuance of \$1.0 billion of 5.20% Senior Notes and \$3.0 billion of 5.40% Senior Notes and the August 2005 issuance of \$1.0 billion of 4.625% Senior Notes.

Our combined federal and state effective income tax rate increased to 37.4% for the first quarter of fiscal 2006 from 37.2% for the comparable period of fiscal 2005. The increase in our effective income tax rate was primarily due to the reversal of a deferred tax asset during the quarter.

Diluted Earnings per Share were \$0.70 for the first quarter of fiscal 2006 compared to \$0.57 for the first quarter of fiscal 2005. Diluted Earnings per Share were favorably impacted for the first quarter of fiscal 2006 by the repurchase of shares of our common stock under our \$12.0 billion repurchase authorization. Since the inception of the program in 2002, we have repurchased 291 million shares of our common stock for a total of \$10.3 billion. As of April 30, 2006, we had \$1.7 billion remaining under our authorized share repurchase program. For fiscal year 2006, we estimate our Diluted Earnings per Share growth will be 10% to 14%.

## **LIQUIDITY AND CAPITAL RESOURCES**

Cash flow generated from operations provides us with a significant source of liquidity. During the first quarter of fiscal 2006, Net Cash Provided by Operating Activities increased to \$3.9 billion compared to \$3.4 billion for the same period of fiscal 2005. This increase was primarily a result of stronger Net Earnings and improvement in working capital in the first quarter of fiscal 2006.

Net Cash Used in Investing Activities for the first quarter of fiscal 2006 was \$5.3 billion compared to \$1.6 billion for the same period of fiscal 2005. The increase in Net Cash Used in Investing Activities was primarily the result of an increase in Payments for Businesses Acquired of \$3.2 billion as a result of our purchase of Hughes Supply, Inc. and an increase of \$632 million for the net purchase of Short-Term Investments.

During the first quarter of fiscal 2006, financing activities provided \$1.8 billion compared with \$1.6 billion used for financing activities for the same period of fiscal 2005. The increase in Net Cash Provided by (Used in) Financing Activities was primarily due to the March 2006 issuance of \$1.0 billion of 5.20% Senior Notes and \$3.0 billion of 5.40% Senior Notes and fewer share repurchases partially offset by the repayment of \$900 million of Short-Term Debt outstanding under our commercial paper program and the repayment of \$500 million of 5.375% Senior Notes due April 2006.

21

---

We have a commercial paper program that allows for borrowings up to a maximum of \$2.5 billion. In connection with the program, we have a back-up credit facility with a consortium of banks for borrowings up to \$2.0 billion. As of April 30, 2006, there were no borrowings outstanding under the program. The credit facility, which expires in December 2010, contains various restrictive covenants, none of which is expected to impact our liquidity or capital resources.

As of the end of the first quarter of fiscal 2006, our long-term debt-to-equity ratio was 23.9% compared to 9.0% at the end of the first quarter of fiscal 2005. The increase in our long-term debt-to-equity ratio reflects the March 2006 issuance of \$1.0 billion of 5.20% Senior Notes and \$3.0 billion of 5.40% Senior Notes and the August 2005 issuance of \$1.0 billion of 4.625% Senior Notes, partially offset by the repayment of \$500 million of 5.375% Senior Notes.

As of April 30, 2006, we had \$2.6 billion in Cash and Short-Term Investments. We believe that our current cash position and cash flow generated from operations should be sufficient to enable us to complete our capital expenditure programs and any required long-term debt payments through the next several fiscal years. In addition, we have funds available from the \$2.5 billion commercial paper program and the ability to obtain alternative sources of financing for future acquisitions and other requirements.

On May 17, 2006, the Board of Directors authorized an additional \$2.0 billion in common stock repurchases for a total authorization of \$14.0 billion. In conjunction with this additional authorization, we entered into a \$2.0 billion accelerated share repurchase agreement with a financial institution pursuant to which we repurchased approximately 53 million shares of our common stock. Under the agreement, the financial institution is expected to purchase an equivalent number of shares of our common stock in the open market. The shares repurchased by us are subject to a future purchase price adjustment based upon the weighted average price of our common stock over an agreed period, subject to a specified collar. Settlement is expected to occur in the third quarter of fiscal 2006 and can be made in cash or shares of common stock at our election.

#### **RECENT ACCOUNTING PRONOUNCEMENTS**

In December 2004, the Financial Accounting Standards Board ("FASB") issued SFAS 123(R). This statement revises SFAS Statement No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123") and supersedes Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25"). SFAS 123(R) requires all public entities to recognize compensation expense for all share-based payments as measured by the fair value on the grant date over the requisite service period.

Effective February 3, 2003, we adopted the fair value method of recording stock-based compensation expense in accordance with SFAS 123. We selected the prospective method of adoption as described in SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure" and accordingly, stock-based compensation expense was recognized related to stock options granted, modified or settled and expense related to the Employee Stock Purchase Plan ("ESPP") after the beginning of fiscal 2003. Effective February 3, 2006, we adopted the fair value recognition provisions of SFAS 123(R) using the modified prospective transition method. Under the modified prospective transition method, we began expensing unvested options granted prior to fiscal 2003 in addition to continuing to recognize stock-based compensation expense for all share-based payments awarded since the adoption of SFAS 123 in fiscal 2003. In conjunction with the adoption of SFAS 123(R), we recorded \$26 million of stock compensation expense in the first quarter of fiscal 2006 related to the continued vesting of options granted prior to fiscal 2003. We expect the fiscal 2006 impact of the adoption of SFAS 123(R) to result in total additional stock compensation expense of \$40 million, inclusive of the \$26 million recognized in the first quarter of fiscal 2006. We do not expect SFAS 123(R) to have a material impact to our financial results in fiscal 2007 and beyond. Results of prior periods have not been restated.

#### **Item 3. Quantitative and Qualitative Disclosures about Market Risk**

Our exposure to market risks results primarily from fluctuations in interest rates. There have been no material changes to our exposure to market risks from those disclosed in our Annual Report on Form 10-K for the year ended January 29, 2006.

#### **Item 4. Controls and Procedures**

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's Securities Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

The Company's Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act) as of the end of the period covered by this report. Based upon that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective.

There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rule 13a-15(f) and 15d-15(f) under the Securities Exchange Act) during the fiscal quarter ended April 30, 2006 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

### **THE HOME DEPOT, INC. AND SUBSIDIARIES**

#### **PART II. OTHER INFORMATION**

##### **Item 1A. Risk Factors**

In addition to the other information set forth in this Form 10-Q, you should carefully consider the factors discussed under "Risk Factors" in our Form 10-K for Fiscal 2005 as filed with the Securities Exchange Commission. These risks could materially and adversely affect our business, financial condition and results of operations. The risks described in our Form 10-K are not the only risks we face. Our operations could also be affected by additional factors that are not presently known to us or by factors that we currently consider immaterial to our business.

##### **Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

- (a) During the first quarter of fiscal 2006, the Company issued 2,860 deferred stock units under The Home Depot, Inc. NonEmployee Directors' Deferred Stock Compensation Plan pursuant to the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended. The deferred stock units were credited to the accounts of such nonemployee directors as a result of such directors having elected to receive board and committee fees in the form of deferred stock units instead of receiving such fees in cash as payment for board and committee meetings held during the first quarter of fiscal 2006. The deferred stock

units convert to shares of common stock on a one-for-one basis following a termination of service as described in this plan.

During the first quarter of fiscal 2006, the Company credited 63,132 deferred stock units to participant accounts under The Home Depot FutureBuilder Restoration Plan pursuant to an exemption from the registration requirements of the Securities Act of 1933, as amended, for involuntary, non-contributory plans. The deferred stock units convert to shares of common stock on a one-for-one basis following the termination of services as described in the plan.

- (c) Since fiscal 2002, the Company repurchased shares of its common stock having a value of approximately \$10.3 billion. The number and average price of shares purchased in each fiscal month of the first quarter of fiscal 2006 are set forth in the table below:

Period	Total Number of Shares Purchased(1)	Average Price Paid Per Share(1)	Total Number of Shares Purchased as Part of Publicly Announced Program(2)	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Program
January 30, 2006 - February 26, 2006	3,637,505	\$ 39.58	3,488,300	\$ 2,149,858,594
February 27, 2006 - March 26, 2006	8,641,924	\$ 41.90	8,539,400	\$ 1,791,957,971
March 27, 2006 - April 30, 2006	1,756,459	\$ 39.98	1,740,500	\$ 1,722,352,870

(1) These amounts include repurchases pursuant to the Company's 1997 and 2005 Omnibus Stock Incentive Plans (the "Plans"). Under the Plans, participants may exercise stock options by surrendering shares of common stock that the participants already own as payment of the exercise price. Participants in the Plans may also surrender shares as payment of applicable tax withholding on the vesting of restricted stock and deferred share awards. Shares so surrendered by participants in the Plans are repurchased pursuant to the terms of the Plans and applicable award agreement and not pursuant to publicly announced share repurchase programs. For the quarter ended April 30, 2006, the following shares of The Home Depot common stock were surrendered by participants in the Plans and included in the total number of shares purchased: January 30, 2006 - February 26, 2006 - 149,205 shares at an average price per share of \$41.07; February 27, 2006 - March 26, 2006 - 102,524 shares at an average price per share of \$42.96; March 27, 2006 - April 30, 2006 - 15,959 shares at an average price per share of \$41.51.

(2) The Company's common stock repurchase program was initially announced on July 15, 2002. As of the beginning of the first quarter of fiscal 2006, the Board had approved purchases up to \$11.0 billion. On February 23, 2006, the Board authorized an additional \$1.0 billion in common stock repurchases for a total authorization of \$12.0 billion at the end of the first quarter of 2006. On May 17, 2006, the Board authorized an additional \$2.0 billion in common stock repurchases for a total authorization of \$14.0 billion and approved the immediate repurchase of \$2.0 billion through an accelerated share repurchase transaction. The share repurchase program does not have a prescribed expiration date.

#### Item 4. Submission of Matters to a Vote of Security Holders

At the Company's Annual Meeting of Shareholders held on May 25, 2006, shareholders of the Company elected the following nominees to the Board of Directors to serve a one-year term. Votes cast were as follows:

Gregory D. Brenneman

For:	1,279,570,255
Withheld:	582,054,404
Claudio X. González	
For:	1,193,403,910
Withheld:	668,220,750
Milledge A. Hart, III	
For:	1,280,074,303
Withheld:	581,550,356
Bonnie G. Hill	
For:	1,263,578,383
Withheld:	598,046,276
Laban P. Jackson, Jr.	
For:	1,294,205,910
Withheld:	567,418,749
Lawrence R. Johnston	
For:	1,272,409,714
Withheld:	589,214,945
Kenneth G. Langone	
For:	1,264,971,624
Withheld:	596,653,035
Angelo R. Mozilo	
For:	1,715,993,958

Withheld:	145,630,701
Robert L. Nardelli	
For:	1,269,267,985
Withheld:	592,356,674
Thomas J. Ridge	
For:	1,278,218,326
Withheld:	583,406,334

Shareholders ratified the appointment of KPMG LLP as the Company's independent registered public accounting firm for fiscal 2006. Votes cast were as follows:

For:	1,815,052,235
Against:	27,983,600
Abstention:	18,588,824

Shareholders rejected a shareholder proposal regarding approval of the committee report. Votes cast were as follows:

For:	551,110,720
Against:	817,773,414
Abstention:	99,574,488
Non-votes:	393,166,038
