NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying Consolidated Financial Statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles ("GAAP") for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the Consolidated Financial Statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended January 29, 2012, as filed with the Securities and Exchange Commission.

Business

The Home Depot, Inc. and its subsidiaries (the "Company") operate The Home Depot stores, which are full-service, warehouse-style stores averaging approximately 105,000 square feet of enclosed space, with approximately 24,000 additional square feet of outside garden area. The stores stock approximately 30,000 to 40,000 different kinds of building materials, home improvement supplies and lawn and garden products that are sold to do-it-yourself customers, do-it-for-me customers and professional customers. The Company also offers close to 600,000 products through its The Home Depot and Home Decorators Collection websites.

Valuation Reserves

As of July 29, 2012 and January 29, 2012, the valuation allowances for Merchandise Inventories and uncollectible Receivables were not material.

2. ACCELERATED SHARE REPURCHASE

In the first quarter of fiscal 2012, the Company entered into an Accelerated Share Repurchase ("ASR") agreement with a third-party financial institution to repurchase \$1.0 billion of the Company's common stock. Under this agreement, the Company paid \$1.0 billion to the financial institution, using cash on hand, and received an initial delivery of approximately 17 million shares in the first quarter of fiscal 2012. The transaction was completed in the second quarter of fiscal 2012, at which time the Company received approximately 3 million additional shares. The \$1.0 billion of shares repurchased are included in Treasury Stock in the accompanying Consolidated Balance Sheets as of July 29, 2012. The final number of shares delivered upon settlement of the \$1.0 billion ASR agreement was determined with reference to the average price of the Company's common stock over the term of the agreement.

In the second quarter of fiscal 2012, the Company entered into an ASR agreement with a third-party financial institution to repurchase \$1.4 billion of the Company's common stock. Under this agreement, the Company paid \$1.4 billion to the financial institution, using cash on hand, and received an initial delivery of approximately 22 million shares in the second quarter of fiscal 2012. The fair market value of the 22 million shares on the date of purchase was \$1.1 billion and was included in Treasury Stock in the accompanying Consolidated Balance Sheets as of July 29, 2012. The remaining \$337 million was included in Paid-In Capital in the accompanying Consolidated Balance Sheets as of July 29, 2012. The final number of shares delivered upon settlement of the \$1.4 billion ASR agreement will be determined with reference to the average price of the Company's common stock over the term of the agreement.

3. DEBT GUARANTEE

In connection with the sale of HD Supply, Inc. ("HD Supply") on August 30, 2007, the Company guaranteed a \$1.0 billion senior secured amortizing term loan of HD Supply. In April 2012, the term loan guarantee was terminated. As a result, the Company reversed its \$67 million liability related to the guarantee, resulting in a \$67 million pretax benefit to Interest and Other, net, for the first quarter and first six months of fiscal 2012.

4. FAIR VALUE MEASUREMENTS

The fair value of an asset is considered to be the price at which the asset could be sold in an orderly transaction between unrelated knowledgeable and willing parties. A liability's fair value is defined as the amount that would be paid to transfer the liability to a new obligor, rather than the amount that would be paid to settle the liability with the creditor. Assets and liabilities recorded at fair value are measured using a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1 – Observable inputs that reflect quoted prices in active markets
- Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable
- Level 3 – Unobservable inputs in which little or no market data exists, therefore requiring the Company to develop its own assumptions

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The assets and liabilities of the Company that are measured at fair value on a recurring basis as of July 29, 2012 and January 29, 2012 were as follows (amounts in millions):

	Fair Value at July 29, 2012 Using			Fair Value at January 29, 2012 Using		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Derivative agreements - assets	\$ —	\$ 81	\$ —	\$ —	\$ 91	\$ —
Derivative agreements - liabilities	—	(18)	—	—	(27)	—
Total	\$ —	\$ 63	\$ —	\$ —	\$ 64	\$ —

The Company uses derivative financial instruments from time to time in the management of its interest rate exposure on long-term debt and its exposure on foreign currency fluctuations. The fair value of the Company's derivative financial instruments was measured using level 2 inputs.

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

The assets and liabilities of the Company that were measured at fair value on a nonrecurring basis during the six months ended July 29, 2012 and July 31, 2011 were as follows (amounts in millions):

	Fair Value Measured During the Six Months Ended July 29, 2012 - Level 3	Gains (Losses)
Lease obligation costs, net	\$ (132)	\$ 1
Total for the first six months of fiscal 2012		\$ 1

	Fair Value Measured During the Six Months Ended July 31, 2011 - Level 3	Gains (Losses)
Lease obligation costs, net	\$ (139)	\$ 7
Total for the first six months of fiscal 2011		\$ 7

Lease obligation costs were related to certain store closings and the exit of certain businesses in fiscal 2009 and 2008. These charges were measured on a nonrecurring basis using fair value measurements with unobservable inputs (level 3).

Long-lived assets were analyzed for impairment on a nonrecurring basis using fair value measurements with unobservable inputs (level 3). Impairment charges related to long-lived assets in the first six months of fiscal 2012 and 2011 were not material.

The aggregate fair value of the Company's Senior Notes, based on quoted market prices, was \$12.7 billion and \$12.1 billion at July 29, 2012 and January 29, 2012, respectively, compared to a carrying value of \$10.3 billion at both July 29, 2012 and January 29, 2012.

5. BASIC AND DILUTED WEIGHTED AVERAGE COMMON SHARES

The reconciliation of basic to diluted weighted average common shares for the three and six months ended July 29, 2012 and July 31, 2011 was as follows (amounts in millions):

	Three Months Ended		Six Months Ended	
	July 29, 2012	July 31, 2011	July 29, 2012	July 31, 2011
Weighted average common shares	1,501	1,568	1,513	1,585
Effect of potentially dilutive securities:				
Stock plans	11	9	12	10
Diluted weighted average common shares	1,512	1,577	1,525	1,595

Stock plans consist of shares granted under the Company's employee stock plans. Options to purchase 2 million and 30 million shares of common stock for the three months ended July 29, 2012 and July 31, 2011, respectively, and options to purchase 2 million and 26 million shares of common stock for the six months ended July 29, 2012 and July 31, 2011, respectively, were excluded from the computation of Diluted Earnings per Share because their effect would have been anti-dilutive.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders
The Home Depot, Inc.:

We have reviewed the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of July 29, 2012, the related Consolidated Statements of Earnings and Comprehensive Income for the three-month and six-month periods ended July 29, 2012 and July 31, 2011, and the related Consolidated Statements of Cash Flows for the six-month periods ended July 29, 2012 and July 31, 2011. These Consolidated Financial Statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the Consolidated Financial Statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of January 29, 2012, and the related Consolidated Statements of Earnings, Stockholders' Equity and Comprehensive Income, and Cash Flows for the year then ended (not presented herein); and in our report dated March 22, 2012, we expressed an unqualified opinion on those Consolidated Financial Statements. In our opinion, the information set forth in the accompanying Consolidated Balance Sheet as of January 29, 2012, is fairly stated, in all material respects, in relation to the Consolidated Balance Sheet from which it has been derived.

EXECUTIVE SUMMARY AND SELECTED CONSOLIDATED STATEMENTS OF EARNINGS DATA

For the second quarter of fiscal 2012, we reported Net Earnings of \$1.5 billion and Diluted Earnings per Share of \$1.01 compared to Net Earnings of \$1.4 billion and Diluted Earnings per Share of \$0.86 for the second quarter of fiscal 2011. For the first six months of fiscal 2012, we reported Net Earnings of \$2.6 billion and Diluted Earnings per Share of \$1.68 compared to Net Earnings of \$2.2 billion and Diluted Earnings per Share of \$1.36 for the first six months for fiscal 2011.

Net Sales increased 1.7% to \$20.6 billion for the second quarter of fiscal 2012 from \$20.2 billion for the second quarter of fiscal 2011. For the first six months of fiscal 2012, Net Sales increased 3.6% to \$38.4 billion from \$37.1 billion for the first six months of fiscal 2011. Our comparable store sales increased 2.1% in the second quarter of fiscal 2012, driven by a 1.8% increase in our comparable store average ticket and an increase in our comparable store customer transactions. Comparable store sales for our U.S. stores increased 2.6% in the second quarter of fiscal 2012.

In the first six months of fiscal 2012, we continued to focus on the following four key initiatives:

Customer Service – Our focus on customer service is anchored on the principles of creating an emotional connection with customers, putting customers first and simplifying the business. In August 2012, we opened a new call center in Utah to support our interconnected business, and we plan to open another call center in Georgia in the third quarter of fiscal 2012. We have also begun the development of two new distribution centers to support direct-to-customer fulfillment and we expect these to commence operations in 2014.

Product Authority – Our focus on product authority is facilitated by our merchandising transformation and portfolio strategy, which is aimed at delivering innovation, assortment and value. As part of this effort, we are introducing innovative new products and great values for both our professional and do-it-yourself customers in a variety of departments, including the second generation of Ecosmart LED bulbs and LED fixtures in Lighting, Husky products in Tools, Delta toilets in Bath and new brands in appliances.

Disciplined Capital Allocation, Productivity and Efficiency – Our approach to driving productivity and efficiency is advanced through continuous operational improvement, incremental supply chain benefits and shareholder value built through higher returns on invested capital and total value returned to shareholders in the form of dividends and share repurchases. In the second quarter of fiscal 2012, we saw continued benefits from our supply chain investments, which improved our gross profit

[Table of Contents](#)

margin and asset efficiency. Our inventory turnover ratio was 4.7 times at the end of the second quarter of fiscal 2012 compared to 4.4 times at the end of the second quarter of fiscal 2011.

During the second quarter of fiscal 2012, we settled a \$1.0 billion Accelerated Share Repurchase ("ASR") agreement that was entered into in the first quarter of fiscal 2012. We received a total of approximately 20 million shares under the \$1.0 billion ASR agreement in the first six months of fiscal 2012, including approximately 3 million shares received upon settlement of the agreement in the second quarter of fiscal 2012. Also during the second quarter of fiscal 2012, we entered into a \$1.4 billion ASR agreement. We received an initial delivery of approximately 22 million shares of our common stock in the second quarter of fiscal 2012 under the \$1.4 billion ASR agreement. We repurchased approximately 4 million additional shares of our common stock through the open market during the first six months of fiscal 2012.

Interconnected Retail – Our focus on interconnected retail is based on building a competitive platform across all commerce channels. During the second quarter of fiscal 2012, we relaunched our mobile website for homedepot.com. Our upgraded mobile site provides significant new functionality, including the ability to buy online and pick-up in store. We are also preparing for the launch of our buy online and ship to store program this year, which will significantly expand the range of options available to our customers.

In August 2012 we entered into a definitive merger agreement to acquire U.S. Home Systems, Inc. ("USHS") for \$12.50 per share in cash. USHS is an exclusive provider of kitchen and bath refacing products and services as well as closet and garage organizational systems to The Home Depot. The acquisition is expected to close by the end of the year and is subject to approval by USHS stockholders, applicable regulatory approval and customary closing conditions.

We opened one new store in Mexico during the second quarter of fiscal 2012, for a total store count of 2,255 at the end of the quarter. As of the end of the second quarter of fiscal 2012, a total of 279 of these stores, or 12.4%, were located in Canada, Mexico and China compared to 273 stores, or 12.2%, as of the end of the second quarter of fiscal 2011.

We generated \$4.3 billion of cash flow from operations in the first six months of fiscal 2012. We used a portion of this cash flow to fund \$2.6 billion of share repurchases, pay \$880 million of dividends and fund \$551 million in capital expenditures.

At the end of the second quarter of fiscal 2012, our long-term debt-to-equity ratio increased to 61.1% from 58.9% at the end of the second quarter of fiscal 2011. Our return on invested capital (computed on net operating profit after tax for the trailing twelve months and the average of beginning and ending long-term debt and equity) was 16.0% for the second quarter of fiscal 2012 compared to 13.5% for the second quarter of fiscal 2011.

Comparable store sales is intended only as supplemental information and is not a substitute for Net Sales or Net Earnings presented in accordance with generally accepted accounting principles.

RESULTS OF OPERATIONS

Net Sales for the second quarter of fiscal 2012 increased 1.7% to \$20.6 billion from \$20.2 billion for the second quarter of fiscal 2011. For the first six months of fiscal 2012, Net Sales increased 3.6% to \$38.4 billion from \$37.1 billion for the comparable period of fiscal 2011. The increase in Net Sales for the second quarter and first six months of fiscal 2012 reflects the impact of positive comparable store sales. Total comparable store sales increased 2.1% for the second quarter of fiscal 2012 compared to an increase of 4.3% for the second quarter of fiscal 2011. For the first six months of fiscal 2012, total comparable store sales increased 3.8% compared to an increase of 2.0% for the same period of fiscal 2011.

The positive comparable store sales for the second quarter and first six months of fiscal 2012 reflect a number of factors. The majority of our departments posted positive comparable store sales for the second quarter and first six months of fiscal 2012, and comparable store average ticket increased 1.8% and 2.0% for the second quarter and first six months of fiscal 2012, respectively. Comparable store sales for our Décor, Lumber, Kitchen, Paint, Electrical, Tools, Bath, Flooring and Plumbing product categories were above the Company average for the second quarter of fiscal 2012. Comparable store sales for our Hardware, Lighting and Millwork product categories were positive for the second quarter of fiscal 2012. Comparable store sales for our Garden and Building Materials product categories were negative for the second quarter of 2012 reflecting the impact of weather and tough year-over-year comparisons in roofing due to storm and repair activity that drove sales in the second quarter of fiscal 2011.

Gross Profit increased 2.2% to \$7.0 billion for the second quarter of fiscal 2012 from \$6.9 billion for the second quarter of fiscal 2011. Gross Profit increased 4.0% to \$13.2 billion for the first six months of fiscal 2012 from \$12.7 billion for the first six months of fiscal 2011. Gross Profit as a percent of Net Sales increased 17 basis points to 34.2% for the second quarter of fiscal 2012 compared to 34.0% for the second quarter of fiscal 2011. For the first six months of fiscal 2012, Gross Profit as a percent of Net Sales was 34.4% compared to 34.3% for the comparable period of fiscal 2011, an increase of 14 basis points. The increase in gross profit margin in the second quarter and first six months of fiscal 2012 was driven primarily by benefits arising from a change in mix of products sold and our supply chain transformation in the U.S.

Selling, General and Administrative Expense ("SG&A") decreased 2.9% to \$4.1 billion for the second quarter of fiscal 2012 from \$4.2 billion for the second quarter of fiscal 2011, and was \$8.2 billion for the first six months of both fiscal 2012 and 2011. As a percent of Net Sales, SG&A was 19.8% for the second quarter of fiscal 2012 compared to 20.7% for the second quarter of fiscal 2011. For the first six months of fiscal 2012, SG&A as a percent of Net Sales was 21.2% compared to 22.1% for the same period last year. The decrease in SG&A as a percent of Net Sales for the second quarter and first six months of fiscal 2012 reflects expense leverage resulting from the positive comparable store sales environment, favorable changes in our workers' compensation reserves and lower credit card expense. Additionally, we recognized certain charges in the second quarter of fiscal 2011 that did not repeat in fiscal 2012.

Depreciation and Amortization decreased 1.3% to \$391 million for the second quarter of fiscal 2012 from \$396 million for the second quarter of fiscal 2011. For the first six months of fiscal 2012, Depreciation and Amortization decreased 2.4% to \$774 million from \$793 million for the same period of fiscal 2011. Depreciation and Amortization as a percent of Net Sales was 1.9% for the second quarter of fiscal 2012 compared to 2.0% for the second quarter of fiscal 2011, and was 2.0% for the first six months of fiscal 2012 compared to 2.1% for the first six months of fiscal 2011. The decrease in Depreciation and Amortization as a percent of Net Sales for the second quarter and first six months of fiscal 2012 reflects expense leverage in the positive comparable store sales environment and an increase in fully depreciated assets that are still utilized in the business.

Operating Income increased 12.0% to \$2.6 billion for the second quarter of fiscal 2012 from \$2.3 billion for the second quarter of fiscal 2011. Operating Income increased 15.3% to \$4.3 billion for the first six months of fiscal 2012 from \$3.7 billion for the first six months of fiscal 2011.

For the second quarter of fiscal 2012, we recognized \$151 million of Interest and Other, net, compared to \$146 million for the second quarter of fiscal 2011. We recognized \$235 million of Interest and Other, net for the first six months of fiscal 2012 compared to \$285 million for the same period last year. Interest and Other, net, as a percent of Net Sales was 0.7% for the second quarter of both fiscal 2012 and 2011. For the first six months of fiscal 2012, Interest and Other, net, as a percent of Net Sales was 0.6% compared to 0.8% for the same period last year. Interest and Other, net, for the first six months of fiscal 2012 included a \$67 million pretax benefit related to the termination of our guarantee of a senior secured loan of HD Supply, Inc.

Our combined effective income tax rate was 36.6% for the first six months of both fiscal 2012 and 2011.

Diluted Earnings per Share were \$1.01 and \$1.68 for the second quarter and first six months of fiscal 2012, respectively, compared to \$0.86 and \$1.36 for the second quarter and first six months of fiscal 2011, respectively. Diluted Earnings per Share for the second quarter and first six months of fiscal 2012 reflect \$0.04 and \$0.07, respectively, of benefit from repurchases of our common stock in the twelve months ended July 29, 2012.

LIQUIDITY AND CAPITAL RESOURCES

Cash flow generated from operations provides us with a significant source of liquidity. During the first six months of fiscal 2012, Net Cash Provided by Operating Activities was \$4.3 billion compared to \$4.5 billion for the same period of fiscal 2011. This decrease was primarily a result of \$515 million less in cash provided by a change in Merchandise Inventories as a result of increased inventory purchases in support of the upcoming holiday season, partially offset by a \$392 million increase in Net Earnings.

Net Cash Used in Investing Activities for the first six months of fiscal 2012 was \$581 million compared to \$442 million for the same period of fiscal 2011. This change was primarily due to an \$82 million increase in Capital Expenditures and Payments for Business Acquired of \$45 million related to the purchase of a flooring measurement company.

Net Cash Used in Financing Activities for the first six months of fiscal 2012 was \$2.9 billion compared to \$2.0 billion for the same period of fiscal 2011. This change was primarily the result of \$1.0 billion in net proceeds from long-term borrowings in the first six months of fiscal 2011 and \$379 million more in repurchases of common stock in the first six months of fiscal 2012 than in the same period of fiscal 2011, partially offset by \$470 million more in proceeds from sales of common stock due to increased stock option exercises in the first six months of fiscal 2012 compared to the same period of fiscal 2011.

In the first quarter of fiscal 2012, we entered into an ASR agreement with a third-party financial institution to repurchase \$1.0 billion of our common stock. Under this agreement, we paid \$1.0 billion to the financial institution, using cash on hand, and received an initial delivery of approximately 17 million shares in the first quarter of fiscal 2012. The transaction was completed in the second quarter of fiscal 2012, at which time we received approximately 3 million additional shares. The final number of shares delivered upon settlement of the \$1.0 billion ASR agreement was determined with reference to the average price of our common stock over the term of the agreement.

In the second quarter of fiscal 2012, we entered into an ASR agreement with a third-party financial institution to repurchase \$1.4 billion of our common stock. Under this agreement, we paid \$1.4 billion to the financial institution, using cash on hand, and received an initial delivery of approximately 22 million shares in the second quarter of fiscal 2012. The final number of shares delivered upon settlement of the \$1.4 billion ASR agreement will be determined with reference to the average price of our common stock over the term of the agreement.

In the first six months of fiscal 2012, we repurchased approximately 4 million additional shares of our common stock for \$200 million through the open market. As of the end of the first six months of fiscal 2012, \$3.8 billion remained under our share repurchase authorization.

We have commercial paper programs that allow for borrowings up to \$2.0 billion. In connection with the programs, we have a back-up credit facility with a consortium of banks for borrowings up to \$2.0 billion. In the second quarter of fiscal 2012, we replaced our back-up credit facility, which was scheduled to expire in July 2013, with a new, substantially identical \$2.0 billion credit facility. As of July 29, 2012, there were no borrowings outstanding under the commercial paper programs or the related credit facility. The new credit facility expires in July 2017 and contains various restrictive covenants. As of July 29, 2012, we were in compliance with all of the covenants, and they are not expected to impact our liquidity or capital resources.

As of July 29, 2012, we had \$2.8 billion in Cash and Cash Equivalents. We believe that our current cash position, access to the debt capital markets and cash flow generated from operations should be sufficient to enable us to complete our capital expenditure programs and fund dividend payments, share repurchases and any required long-term debt payments through the next several fiscal years. In addition, we have funds available from our commercial paper programs and the ability to obtain alternative sources of financing.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Our exposure to market risks results primarily from fluctuations in interest rates. There have been no material changes to our exposure to market risks from those disclosed in our Form 10-K.

Item 4. Controls and Procedures

The Company maintains disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) that are designed to ensure that information required to be disclosed in the Company's Securities Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures as of the end of the period covered by this report. Based upon that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective.

There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the Securities Exchange Act) during the fiscal quarter ended July 29, 2012 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

The following information updates, and should be read in conjunction with, Item 3, "Legal Proceedings," of the Company's Form 10-K. Except as set forth below, there were no other material changes during the second quarter of fiscal 2012 to our disclosure in Item 3 of our Form 10-K.

As reported on page 12 of our Form 10-K, in the second and third quarters of fiscal 2006, three purported, but uncertified, class actions were filed against the Company, The Home Depot FutureBuilder Administrative Committee and certain of the Company's current and former directors and employees alleging breach of fiduciary duty in violation of the Employee Retirement Income Security Act of 1974 in connection with the Company's return-to-vendor and stock option practices. These actions were joined into one case in 2007, and the plaintiffs' joint amended complaint sought certification as a class action, unspecified damages, costs, attorney's fees and equitable and injunctive relief. On June 7, 2010, the U.S. District Court for the Northern District of Georgia (the "District Court") in Atlanta granted with prejudice Home Depot's motion to dismiss plaintiffs' third amended complaint. On June 28, 2010, plaintiffs filed a notice of appeal with the U.S. Court of Appeals for the Eleventh Circuit (the "Circuit Court"), and on May 8, 2012, the Circuit Court affirmed the District Court's order dismissing plaintiffs' third amended complaint with prejudice. The plaintiffs did not seek reconsideration by the Circuit Court, and the time for them to apply for review by the United States Supreme Court has now passed. As a result, the Circuit Court's decision is now final and nonappealable.

Item 1A. Risk Factors

In addition to the other information set forth in this Form 10-Q, you should carefully consider the factors discussed under Item 1A, "Risk Factors" and elsewhere in our Form 10-K. These risks and uncertainties could materially and adversely affect our business, financial condition and results of operations. Our operations could also be affected by additional factors that are not presently known to us or by factors that we currently consider immaterial to our business. There have been no material changes in the risk factors discussed in our Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

- (a) During the second quarter of fiscal 2012, the Company issued 9,784 deferred stock units under The Home Depot, Inc. NonEmployee Directors' Deferred Stock Compensation Plan pursuant to the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended. The deferred stock units were credited to the accounts of such nonemployee directors during the second quarter of fiscal 2012 who elected to receive board retainers in the form of deferred stock units instead of cash. The deferred stock units convert to shares of common stock on a one-for-one basis following a termination of service as described in this plan.
- (b) During the second quarter of fiscal 2012, the Company credited 1,153 deferred stock units to participant accounts under The Home Depot FutureBuilder Restoration Plan pursuant to an exemption from the registration requirements of the Securities Act of 1933 for involuntary, non-contributory plans. The deferred stock units convert to shares of common stock on a one-for-one basis following the termination of services as described in this plan.
- (c) Since the inception of the Company's share repurchase program in fiscal 2002 through the end of the second quarter of fiscal 2012, the Company has repurchased shares of its common stock having a value of approximately \$36.2 billion. The number and average price of shares purchased in each fiscal month of the second quarter of fiscal 2012 are set forth in the table below:

Period	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid Per Share ⁽¹⁾	Total Number of Shares Purchased as Part of Publicly Announced Program ⁽²⁾	Dollar Value of Shares that May Yet Be Purchased Under the Program ⁽²⁾
April 30, 2012 – May 27, 2012 ⁽³⁾	4,336,405	\$ 49.48	4,305,583	\$ 5,236,650,057
May 28, 2012 – June 24, 2012 ⁽⁴⁾	22,078,849	\$ 49.34	22,076,619	\$ 3,810,013,843
June 25, 2012 – July 29, 2012	4,320	\$ 52.14	—	\$ 3,810,013,843

- (1) These amounts include repurchases pursuant to the Company's 1997 and 2005 Omnibus Stock Incentive Plans (the "Plans"). Under the Plans, participants may surrender shares as payment of applicable tax withholding on the vesting of restricted stock and deferred share awards. Participants in the Plans may also exercise stock options by surrendering shares of common stock that the participants already own as payment of the exercise price. Shares so surrendered by participants in the Plans are repurchased pursuant to the terms of the Plans and applicable award agreement and not pursuant to publicly announced share repurchase programs.
- (2) The Company's common stock repurchase program was initially announced on July 15, 2002. As of the end of the second quarter of fiscal 2012, the Board had approved purchases up to \$40.0 billion. The program does not have a prescribed expiration date.
- (3) In the first quarter of fiscal 2012, the Company paid \$1.0 billion under an ASR agreement and received an initial delivery of approximately 17 million shares. The transaction was completed in the second quarter of fiscal 2012, with the Company receiving approximately 3 million additional shares to settle the agreement. The Average Price Paid Per Share was calculated with reference to the average stock price of the Company's common stock over the term of the ASR agreement. See note 2 to the Consolidated Financial Statements included in this report.
- (4) In the second quarter of fiscal 2012, the Company paid \$1.4 billion under an ASR agreement and received an initial delivery of approximately 22 million shares. The Average Price Paid Per Share was calculated using the fair market value of the shares on the date the initial shares were delivered. See note 2 to the Consolidated Financial Statements included in this report.
